UN'S RIFLES STOP MOB

Gaza Thousands Demand Egypt Administer Strip

TEAR GAS ALSO USED

GAZA (AP)—U.N. troops used teargas and fired in the air Sunday to break up a demonstration by thousands of Arabs demanding return of Egyptian administration to the Gaza Strip.

U.N. headquarters announced several demonstration leaders were arrested after the U.N. soldiers were stoned as they drove the crowd down Gaza's main street.

Yugoslav U.N. troops, who had been withdrawn from the Gaza Strip earlier, were called back to help deal with the demonstration, said Maj. Gen. E. L. M. Burns, U.N. force commander.

Belgrade radio announced earlier that Yugoslav units had left the strip. It gave no reason, but the Yugoslav government had hinted its troops would be pulled out of the strip if Egypt objected to U.N. control of the territory.

The demonstration was staged soon after the U.N. commander's arrival for discussions with his staff here.

While the crowd roared in the street, many of the city's shops were closed, apparently in a gesture of non-co-operation with the U.N. forces.

Curfew Jumped

Because of the disorder, the curfew ordered for 6 p.m. was advanced to 1 p.m. and sound trucks drove through Gaza ordering everyone indoors. But police encountered difficulty in making the excited Arabs comply.

The United Nations was having trouble setting up a temporary administration for the territory, crowded with 300,000 arabs, two-thirds of them refugees from the Palestine war.

Arab government employes refused to co-operate in the U.N. administration unless the Egyptian government approves.

Gen. Burns, asked by reporters if he thought "Communist tactics" were being used to stir up the population, replied "I think so."

Arab demonstrations have been frequent in Gaza since the Israelis quit the area on Thursday, making it necessary for the U.N. to impose a curfew. Ostensibly the demonstrating is to celebrate the Israeli departure, but it has been marked by demands for return of Egyptian administration Gaza—a step which would arouse bitter reaction in Israel.

UNEF earlier formed a temporary administrative government, replacing the "mayor and council" system previously used. Col. Carl Ingholm of Denmark was named military governor. A five-member committee of residents headed by Ingholm was formed to supervise all civil affairs in Gaza city itself.

But Sunday a committee of Arab employes, saying they represented more than 1,000 civil workers, refused to work under UNEF until they receive authorization to do so from President Nasser's government in Cairo.

The UNEF men resorted to use of tear gas when the Arab demonstrators tried to break through the gates of the UNEF police guard, Burns said. The crowd was dispersed and order restored. No injuries were reported.

He left later for Abu Suweir in the Suez Canal zone to confer with Dr. Ralph Bunche, deputy U.N. secretary general, who is also a member of the UNEF advisory commission. Both intend to return to Gaza, where Burns plans to set up his new UNEF headquarters.

One Passenger Ends Up In Custard Pie After 'Big Bounce'—

AIRLINER LANDS UPSIDE-DOWN BUT NO ONE BADLY HURT

LOUISVILLE, Ky. (AP)—Seven persons were injured, none seriously, when an Eastern Air Lines plane touched a runway, bounced 40 feet in the air, then overturned and skidded at least 100 feet on its back Sunday.

Thirty-one passengers and three crew members were aboard the two-engined craft.

The stewardess was Shirley Michael of Omaha, Neb.

Cause of the crash was undetermined. Civil Aeronautics Board officials were investigating. Eastern officials would furnish no details.

One passenger was described in satisfactory condition.

Others were treated for minor cuts and bruises and later released.

Passenger Praised

Passengers credited Andrew F. Andler of Chicago with stopping any possible panic among passengers.

Andler said he tensed when the plane came down hard on the runway, bounced and then veered toward a muddy field.

"The next thing I knew, we were upside down with a lot of runway going by in a hurry. Then we stopped. That's about all.

A Louisville attorney said "Andler ought to get a medal of some kind. I thought he was a member of the crew the way he helped people after the crash. He was remarkable."

Maj. Donald Ferris of Las Vegas, Nev., a jet pilot, said Andler "kept telling everyone to take it easy and that everything would be all right.

"Some of the women were scared, but I think they were more worried about hanging there, upside down, than anything else," another said.

Back Like Lightning

The attorney said the "crew got back there like lightning." He said they pulled a door open and pushed out some windows.

"Three minutes after we went into a skid, I was standing on the ground. Three minutes later, everyone was out of that plane," he added.

The plane was enroute to Miami from Chicago.

The attorney said he noted the flight was about 10 minutes early coming in. Horen said he commented that: "She's coming in a little fast."

Stewardess Michael told passengers to fasten seat belts.

'Bounced 40-50 Feet'

John Knoll, chief controller at the control tower, said the plane "bounced—maybe 40 or 50 feet up."

The pilot and his co-pilot would furnish no details of the accident.

Harvey R. Hall, of Toronto, Canada, wound up with custard pie on his head.

"The stewardess had just served some of us lunch and after the plane crashed and stopped skidding, like a fool, I released my seat belt. I fell down on my head into the pie."

Pershing Memorial Dedicated:

7,500 See Auditorium During Opening Day

By BILL DOBLER
Star Staff Writer

More than 7,500 persons poured through the doors of Lincoln's impressive Pershing Municipal Auditorium Sunday as the public got its first look at the new structure.

The role of the auditorium in the community's life was pointed out by Chief Justice Robert G. Simmons of the Nebraska Supreme Court in his dedication day address.

"The value of the (auditorium) investment," he advised, "should not be measured in a dollar return alone.

"Here Lincoln's and Nebraska's people may assemble and hold council. Here they will come for all those varied activities in entertainment, commercial, cultural and spiritual affairs that may properly concern those who so assemble."

'To Service'

By Justice Simmons, the auditorium was dedicated and consecrated "to the service of our fellow men."

His address covered a brief history of assembly and meeting places, including one of Lincoln's first public gathering places, the Bohanan Block at 10th and N.

His history included mention of the first city auditorium built in 1900 and destroyed by fire 28 years later.

"All these institutions testify to the firm fact that as we have grown, we have maintained and strengthened our spiritual faith and the other foundations from which our system of free government gets its constantly renewed vitality," he said.

The dedication program opened with the presentation of colors by the American Legion drum and bugle corps, presentation of the Pershing Rifles and an honor guard of the armed forces.

John Curtiss was master of ceremonies. The estimated 2,000 persons in the arena for the program were led in singing the national anthem by Capt. Walter Kennedy of the Salvation Army.

The invocation was given by Rabbi Wolfgang Hamburger, of South Street Temple, the dedication prayer by Dr. C. Vin White of First Presbyterian Church and the benediction by the Rev. H. B. Hart of Sacred Heart Catholic Church.

A plaque and key to the building were presented by former Mayor Clark Jeary, chairman of the dedication day committee, to Mayor Bennett Martin.

Manager An Admiral

An unscheduled part of the program was conferring the rank of admiral in the Nebraska Navy upon Auditorium Manager Don Jewell. Gov. Victor Anderson made that presentation, in addition to other remarks.

Honored guests introduced from the stage by Curtiss included city and county government officials, dedication committee members and others who had a part in the day's program.

An interlude of organ music preceded the program. Following the program, a concert was presented by the Lincoln Symphony Orchestra, made possible by a grant to the Musicians' Association Local 463 of Lincoln from the Music Performers Trust Fund.

Selections played included "Prelude to the Meistersinger" by Wagner, "Bugler's Holiday" by Anderson, "Pizzicato Polka" by Strauss, "Overture to the Merry Wives of Windsor" by Nicolai, "National Emblem March" by Bagley and "Stars and Stripes Forever" by Sousa.

Guided Tours

There were guided tours through the building before and after the dedication program. Jewell reported 7,648 persons inspected the building during the afternoon.

The day's events marked the end of some 18 years of planning for the new building. Several speakers made reference to the work of the American Legion in leading the way toward construction of a new auditorium.

Some 10 years after the old auditorium was consumed by flame in 1928, the Legion began its work for a new building.

Omahan Suffers Back Injuries in Swimming Mishap

OMAHA (AP)—Bjorn Lindelow, 34, of Omaha, was injured seriously Sunday in a swimming accident at a lake about three miles north of Plattsmouth.

Lindelow was brought to St. Joseph's Hospital suffering back injuries.

Cass County Sheriff Tom Solomon said Lindelow was swimming with his wife and daughter. Lindelow dived off a one-foot ramp into about five feet of water and struck his head on the bottom, the sheriff said.

Robert Kucirek and George Savich, both of Omaha, were passing on a bridge over the lake, saw Lindelow struggling and came to his aid, the sheriff said.

Farmer Dies In Auto Crash At Crookston

CROOKSTON, Neb. (AP) — Charles Chester Searby, 61, well-known Crookston farmer, was killed about midnight Saturday when he was struck by a car about 3 miles east of here.

Investigating officers said Searby's car left the highway and went into a ditch. Five unidentified youths came by in a car and offered their assistance.

Officers said Searby was standing by the youths' car when he stepped into the path of an eastbound auto driven by Clayton Anderson Mayo of Whittier, Calif.

The death boosted the state highway fatality toll for the year to 41 as compared with 58 at this time in 1956.

Also killed over the weekend was Frank Seier, 72, of Petersburg, who died in the Boone County Hospital at Albion of injuries received in a two-car collision on Highway 14 at Loretto.

The Seier auto was eastbound on a city street and was struck at an intersection by a car driven by Wayne D. Peterson, 31, of O'Neill.

The State Safety Patrol has reported the traffic death of Irene Rednest, 33, of Gering, who died of injuries received in a four-car crash two miles east of Scottsbluff.

Showers Cool Lincoln's First 'Summer' Day

Lincoln and scattered other Nebraska points got light showers Sunday night and early Monday to top off a summery day which saw temperatures rise as high as 76 at Kearney and 72 at Lincoln.

The light rain in Lincoln gradually fell off to a light drizzle early Monday morning. Traces of rain were also reported at Sioux City, Ia., Grand Island, North Platte and Imperial, with light rain showers falling in Omaha.

Lincoln's tempehature had dropped to 48 early Monday morning, and forecasters were predicting highs in the 50s during the day.

The high temperatures Sunday were accompanied with vigorous winds, with gusts to 51 miles an hour reported at Scottsbluff.

Grand Island's 74 degrees broke the March 10 record of 70 in 1955 and 1904. The 71-degree Norfolk reading surpassed a 69-degree record for the day, set in 1908.

However, higher records for even earlier dates were 80 on March 9, 1904 in Grand Island and 77 on March 3, 1921, at Norfolk.

26 Was Lowest

Lowest readings were 26 at North Platte and Alliance. Lincoln had a low of 37.

A cold front extending from northeast to south central Nebraska actually lowered temperatures but little Sunday.

Westerly winds to the west of the cold front had a velocity of 39 miles an hour and gusted to 51 at Scottsbluff. Other points in western Nebraska had winds recorded at 20 to 35 miles an hour.

To the east of the cold front, winds were southerly and a little less strong, gusting to 40 at Beatrice and 30 at Omaha.

Little Rain

Little precipitation was expected in Nebraska, the Weather Bureau said, although there was a chance of scattered showers in the extreme southeast Monday.

North Platte Sunday reported a rainshower that didn't reach the ground. There were scattered light rains in all the states surrounding Nebraska, however.

A severe weather warning went out for Oklahoma and Texas, where thunderstorms were reported and a few tornadoes were possible late Sunday and early Monday.

New Tax Legislation Has Lasting Effects

Three Major Tax Bills Have Passed; Some Controversial Ones Remain

By ROY CAMPBELL
Star Staff Writer

The impact of tax legislation enacted and still being considered by the present 68th session of the Unicameral will have a lasting effect on the state of Nebraska.

Backers of measures already passed, such as the warehouse receipts bill put into law Saturday by Gov. Anderson, say "many millions" more of property valuations will be added to present schedules.

The figures are only speculative, as most of the legislators admit, but they are important.

To date, the Legislature has passed three major tax bills. One is LB 81, which requires the State Board of Equalization to set the ratio of basic to actual value for assessment purposes.

Superseded

This already has been done and the assessment, now being used by county assessors, has been set at 70 per cent. This bill, though, has been superseded by another measure, LB 339, that eliminates basic value and substitutes actual value to be used for assessment purposes.

But the measure lacks the emergency clause and will not be effective for use until the 1958 assessments roll around.

The warehouse receipts bill, LB 129, was subject to "pressures," according to its backers. Sen. Terry Carpenter, introducer, said the measure would result in "millions of dollars" being added to the property tax rolls.

Rules Become Law

The third measure already signed into law, LB 80, will give the tax commissioner's rules—most of them formulated by county assessors—the force and effect of law.

Amendments to the bill provide "taxing officials" can be ousted from office for irregularities and failure to enforce the laws and tax commissioner's rules. Some state officials noted that taxing officials include the county boards of commissioners, acting as boards of equalization, as well as county clerks.

They, too, would be subject to ouster from office in the event they failed to "hew to the line" in the taxing process. Also, the state tax commissioner, in addition to county attorneys, could institute proceedings against the "taxing officials" not solely the county attorneys.

Business Inventories

One of the "hottest" measures approaching debate in the Legislature is LB 359, which would make mandatory the attachment of federal income tax business inventories to state tax schedules.

Sen. Carpenter, introducer of the measure, has indicated he will

SOME DAYS YOU JUST CAN'T WIN

NEBRASKA CITY, Neb. (AP)—George B. Gallagher of Oklahoma City picked the wrong woman to ask if she would like to buy a ticket on a 1957 car.

The woman, Otoe County attorney Betty Peterson Sharp, had Gallagher hauled into Justice Court on a charge of selling lottery tickets. He pleaded guilty and was fined $25 and costs of $11.

Sheriff Ralph Hall said Gallagher claimed he was selling the tickets for a summer carnival for a Catholic school in Oklahoma City. Hall said calls to Oklahoma City confirmed his story.

Beck Back; To Visit Capital 'Soon'

TEAMSTERS' CHIEF PULLS BIG SURPRISE

SEATTLE (AP)—Dave Beck, president of the Teamsters Union said upon his arrival here from Europe Sunday night that he expected to go to Washington, D. C., "very soon."

Beck said in response to a question as to whether he would wait for a subpoena from the Senate Special Investigating Committee, "I don't think so."

To all other questions the florid-faced union leader replied with a rapid fire series of "no comment," as a swarm of reporters and radio and television men trailed him from the Northwest Airlines plane to a waiting car outside a side gate of the airport.

Might Talk Monday

Beck

Before he was whisked away in the car Beck said he might be willing to talk to newsmen Monday.

Beck was the last passenger off the airliner at the end of a flight from New York and Chicago.

Beck had returned unannounced to the United States from Europe earlier Sunday. He was expected to have a date soon with the Senate Rackets Investigating Committee.

The committee has been awaiting Beck's return to quiz him regarding the building and sale of his lavish home in Seattle as well as about operations of the big 1½-million-member Teamsters Union.

Arrival Unnoticed

Beck arrived at New York in a Swissair plane from Switzerland. He passed through public health, immigration and customs routines unknown to newsmen regularly assigned to the airport.

Before reporters could catch up with him, it was learned that Beck already had boarded another plane for Seattle.

Sen. McClellan (D-Ark), chairman of the special committee on improper activities in labor or management, said he had not been advised officially of Beck's return to the country but commented:

"I just assume he will get in touch with the committee now that he is back."

From committee sources it was learned that a subpoena has been prepared for service on the teamster's president if he does not appear voluntarily within a few days. No definite time limit has been set, however.

Since February

Beck has been out of the country three times this year. He had been in Europe since February on his most recent trip.

The teamsters union has been under searching inquiry by McClellan's committee, particularly with reference to charges that some of its West Coast leaders teamed up with racketeers in an effort to control gambling and vice in Portland, Ore.

Hearings on this phase of the inquiry are slated to resume Tuesday. Committee officials have said they intend to look into teamsters' affairs in other parts of the country too.

Nebraska Recruits Upped Nearly 200 In National Guard

Col. Hobb Turner of the Nebraska National Guard said Sunday about 200 Nebraska recruits have been signed up for either six months' or 11 weeks' active duty Army training during a recent recruiting campaign.

Col. Turner explained the State Guard is recruiting on a one-in-five basis, in which one recruit in five is asked to serve the full six-month period.

The six-month period, he added, probably will become mandatory April 1, with the possible exception of 17 to 18½-year-olds.

This possibility is still "in bargaining stages" with a Congressional committee, Col. Turner said.

The Defense Department announced that National Guard recruits signed up for six months' active duty Army training at a rate of almost 200 a day last month.

The number signed in the first 24 days of February, it said, was more than half the total recruited for the six-month program in all of the previous 16 months.

MANY PERSONS GO TO LINCOLN PARKS

The warm Sunday brought Lincolnites out to Antelope and Pioneers Parks in large numbers Park Superintendent James Ager reported.

Ager said visitors at Antelope Park appeared mostly interested in the zoo, but Pioneers Park hosted persons walking about, picnicking and flying kites in tempo with the early spring weather.

River Halted As The Dalles Shuts Gates

THE DALLES, Ore. (AP)—The Dalles Dam, which some day may become this country's second biggest power producer, closed its gates across the Columbia River Sunday for the first time.

For more than four hours the flow of the mighty Columbia was cut off. The river poured more than a billion gallons of water a second against the 1½-mile-long dam until the pool thus formed climbed 60 feet up the face of the concrete barrier and began running over spillways.

More gates will be closed next weekend to lift the pool another 25 feet, its final level. The pool then will extend 31 miles upstream. Dedication ceremonies will be held next weekend.

Downstream points scarcely noticed that the river was cut off. The pool behind Bonneville dam, 50 miles downstream, extended up to The Dalles. To keep the river flow normal below Bonneville, engineers released more water than usual from Bonneville, but this lowered the pool less than a foot before water began spilling over The Dalles Dam.

No power generation started Sunday at The Dalles Dam, a $260 million addition to the series of huge, government-built dams in the Columbia Basin.

Its first two generators will go into operation in November, producing 150,000 kilowatts of power. By 1960 power production will be up to 1,092,000 kilowatts.

Eight More Generators

There still will remain room for eight more generators, which — if the decision ever is made to install them — could boost production to 1,716,000 kilowatts. Only Grand Coulee dam at 1,974,000 kilowatts is larger.

The Dalles is the fifth of the big dams built by the government on the Columbia. The others are Bonneville, Grand Coulee, McNary and Chief Joseph. By 1960 they will be producing nearly six million kilowatts of energy. Several more dams have been proposed.

The dam, which has a lock big enough to handle ocean-going freighters, also will aid river navigation. It will flood out navigation choking rapids.

Burglar Captured Really Red Handed

CHICAGO (AP) — A burglar was caught literally red-handed.

Two policemen were assigned to hide in the Capitol Paint Co. store to catch a thief who had been stealing paint in regular weekend burglaries. They heard him break in.

They fired a warning shot. The man fled and they took aim, but missed. Instead they hit a number of paint cans.

William Steptore, 32, surrendered after being splattered with red paint. Steptore, a Negro, admitted breaking into the store five times in the last two months, police said.

New Type Of German Tractor Is Being Tested At U Of N Lab

By RICHARD FELLMAN
Star Staff Writer

A new German-made tractor was being tested at the University of Nebraska's world-famed tractor testing station last week prior to the importing of the machine into the United States.

The tractor, called the Unimog, is an all-purpose power unit and has 100 different uses, according to Oscar Seifried, a mechanic with the German manufacturing firm, who is in Lincoln to work on the tests.

The machine is of a specially built type which is suited to use on small European farms, he added.

Performance figures of the tractor, gathered at the Nebraska tests, used in evaluating tractors and other farm machinery.

Unimog has 30 horsepower, 10 gear combinations and a four-wheel drive with a differential lock. According to the manufacturer there are over 100 different attachments which may be used with the one machine.

These attachments, according to Seifried, include road scrapers, sugar beet harvesters, hay turners, loading winches, pulleys for circular saws or thrashers, post hole diggers, sprayers, lime spreaders and use as a dump truck.

The engineering background of the German-made tractor was explained Wednesday evening at the University of Nebraska tractor testing laboratory by Dr. Friedrich Feldmann, a German test engineer who came to Lincoln to study the results of the testing program.

Dr. Feldmann's talk was sponsored by the student American Society of Agricultural Engineers at the University of Nebraska.

Pastor: State's 'Crosses' Are Finances, 'Legalized' Bigotry, Crisis In Education

"Bigotry set into the law and practice of our state, a growing crisis in public education, partculary at the University, and the present system of financing our government are the three crosses of our modern Calvary," the Rev. Peter Raible said Sunday in a sermon at the Unitarian Church.

These are "three cruciforms (which) cast the deadening shadow of their reality across the Nebraska plains," the Rev. Mr. Raible said in a sermon entitled "Nebraska on the Cross."

"If we in Nebraska want a first class university we shall have to pay the price of it...We can't have a 'hard tack' university for one biennium and then an opulent one for the following two years. Professors have to eat all the time," the minister said.

On taxes, he said, two things seem "clear and evident... First, Nebraskans do not carry a particularly heavy tax load. The average tax paid...is not high compared to other states," although taxes on property are "severe and onerous."

"Secondly, Nebraska must find a new source of taxation. Part of this new source may ease the burden on property and part of this new tax may be used for additional areas of critical need."

Striking at the maintenance of a state law against interracial marriage, the Rev. Mr. Raible said "our age may not see the elimination of prejudice from the hearts of men, but we can insist that we no longer give it the force of legal backing."

He said that "whether intermarriage is good or bad is not the issue. The issue is: Shall free people, unmarried and of a certain age, be allowed to choose their own mates without the interference and the obstruction of the state?"

Omaha Fireman Injured In Blaze

OMAHA (AP) — Dave Harpster, Omaha fireman, was injured Sunday fighting a small blaze at the Central Park School.

He was treated at a hospital for deep wrist and hand cuts and released. Firemen said he was hurt on a broken window.

Assitant Fire Investigator Walter Downey said the blaze may have been started by small children. Only the door and the door jamb were damaged.

THUGS GRAB $100,000 IN DIAMONDS

Gems Quickly Taken Back

NEW ORLEANS (AP) — Two men clubbed a New York jewelry executive in his hotel room Sunday and seized an estimated $100,000 in diamonds, only to lose them to a hotel detective.

Police identified the victim as William Wolff, 51-year-old owner of a New York store.

The robbery, police said, was well planned, with the men entering Wolff's room when he went downstairs to get the jewels from the hotel safe. When he returned, they emerged from a closet and hit him on the head with a pistol. They scuffled with him, grabbed the briefcase and fled.

Wolff screamed and one of them fired two shots at him, but missed him. The sounds aroused tenants in adjoining rooms and the house detectives were alerted.

Nabbed At Gunpoint

One of the men, carrying the briefcase, ran down the stairs and met Hotel Detective Louis Cheyeleau, who leveled his pistol at the man and captured him.

The man was identified by police as George Johnson, 28, of New Orleans. He was held on a charge of vagrancy pending investigation of armed robbery.

Police said a loaded pistol was found in Johnson's pocket, with two of the bullets already fired.

A search was launched for the second man, who was believed to have fled down a fire escape.

Wolff was taken to an infirmary, where attendants said he had multiple contusions of the head and forehead. He was pronounced in a satisfactory condition.

Hungary Hurt Reds Africa Position—Dick

ENTEBBE, Uganda (AP) — Vice President Nixon said Sunday Red slaughter of Hungarians had given the Communists "a very great setback" in Africa.

Arriving in this British protectorate on his good will tour, Nixon said the Hungarian events caused revulsion among Africa's educated classes.

He summed up results of his visits to Morocco, Ghana, Liberia and Uganda at a news conference. He leaves for Ethiopia Monday.

"There is no question but that the African continent is a major target of the international Communist movement because of its tremendous resources and its 200 million people," Nixon said.

But Red successes have been small in the countries he has visited, he added.

At the halfway point in his 22-day tour, Nixon disclosed he has sent an urgent recommendation to the state department on undisclosed problems discussed with Moroccan and Liberian leaders.

He said the United States "must continue to increase its interest in and its help to Liberia." He said that country founded by freed American slaves in 1822 lags behind Ghana, given its independence by Britain only last Wednesday.

Speaker at the University of Nebraska's 86th annual commencement exercises June 10 will be former Chancellor R. G. Gustavson, now president of Resources for the Future in Washington, D.C. Dr. Gustavson served as chancellor of the University from September, 1946, to July, 1953.

Tax Legislation Effects Lasting

(Continued from Page One.)

ask an amendment to provide that state schedules should be within 10 per cent of the federal schedules.

This is because of the difference of time in the inventory and assessment dates (January for the federal and March 1 for state).

Yearly Average

Another measure, LB 262, would eliminate March 1 as the inventory date. Instead, there would be provisions for "average" value of all properties throughout a year's time.

This would prevent some types of businesses from temporarily going out of business and having little or nothing on hand on March 1 for assessment purposes.

A tightening up of present tax collection laws is provided in LB 380, which survived initial consideration in the Legislature. It is designed to catch property owners who sell out or move away shortly before the Nov. 1 due date on property taxes.

To Collect Earlier

The bill leaves Nov. 1 as the due date, but permits a county to collect taxes earlier than that if the property owner attempts to sell the property or move it away, or when a levy of attachment is made on the property.

LB 262 could only be enacted into law with voter approval because it would need a constitutional amendment to make it effective. The bill calling for submission of the amendment to voters now is on general file in the Legislature.

The bill calling for attachment of federal inventory copies to state business schedules also is awaiting legislative consideration on general file.

Chorale, Pianists, Carson Make Gala First Night At Auditorium

By LOUIS CASIMER

A gala dedication eve performance at Pershing Municipal Auditorium was highlighted with the concert of the Roger Wagner Chorale and Stecher & Horowitz, duo-pianists. Nebraska's own Johnny Carson acted as master of ceremonies.

The Chorale provided an evening of pure pleasure for those who enjoy fine music performed with superb balance and blending. The program had been selected to include music covering nearly 400 years of great choral works. Short solo passages revealed a great variety of timbre in individual voices, which nevertheless achieved a wonderful blend in the chorus.

The "Sacred Service" (Acidath Hakodesh) by Bloch was exceptionally well done and very well received by the audience. The work is a good example of the powerful and direct music in the Jewish idiom for which Bloch is famous.

Brother Of NU Prof.

The soloist, Paul Hinshaw, is the younger brother of Harvey Hinshaw, assistant professor of piano at the University of Nebraska. The two brothers grew up together in Pasadena, California, and developed their musical talent in each other's company. Paul's rich dramatic baritone voice which enthralled the Lincoln audience had received special commendation last week in the New York Times.

Stecher & Horowitz played several duo-piano numbers in addition to providing excellent accompaniments for a part of the program. They played with dynamic balance and unity of interpretation. Both the Chorale and the pianists were especially outstanding in the "Eight Liebeslieder Waltzes" by Brahms.

The last part of the program was devoted to folk music in the typical American idiom. Kubik's choral suite "Mirror for the Sky" and the excerpts from Gershwin's "Porgy and Bess" were especially well received by the audience. Salli Terri sang her own unusually fine arrangement of "Were You There". Special lighting added to the effectiveness of the number.

Warm Welcome

Johnny Carson received a warm welcome from the audience to which he remarked "It's nice to be home". At the conclusion of several encores which climaxed an evening of fine entertainment, Carson returned to the stage for a few final words. He requested that the group perform "Oklahoma" and Conductor Roger Wagner invited Carson to sing with the group. The results brought the house down.

The program was introduced by Duane Lake and sponsored by the University of Nebraska Student Union.

U.S. Families Gloomier About 'Good Times' In '57

. . . Government Study Reports

WASHINGTON (INS)—Government pollsters said Sunday that American families are gloomier about "good times" than they were a year ago although nearly half of them are making more money.

Two out of every five families expect to have even bigger incomes a year from now. Savings are growing and there is no major change in plans to buy homes, automobiles, furniture and major appliances.

These conclusions came from a survey of consumer finances by the Federal Reserve System and the University of Michigan, which interviewed 3,000 "spending units" —families or individuals.

More Make $5,000

Preliminary results of the survey showed that 41 per cent had incomes of $5,000 or more compared with 36 per cent a year ago—counting all income before taxes.

The number of "units" with incomes of $7,500 or more doubled since 1952 to reach 17 per cent in 1956.

About 75 per cent of those interviewed had some form of savings readily convertible into cash, up 3 per cent from a year ago. The increase was among those who had $500 or less in liquid assets.

But only 60 per cent predicted "good times" this year, compared with 64 per cent a year ago. Thirteen per cent foresee "bad times" compared with 9 per cent last year. It was the most pessimistic outlook since the 1954 poll.

Making More Money

The largest proportion since 1953 —45 per cent—said they were making more money than a year ago.

Only 40 per cent said they were "better off" than a year ago, however, and the survey analysis reported frequent references to higher prices offsetting the increases in income.

At the same time, 40 per cent also said they expect to be making more money by the time of the next annual survey early in 1958.

Plans of consumers to purchase major items showed little change from early 1956.

New Cars for 8%

Eight per cent planned to buy new cars, and the same proportion anticipated buying used ones. The average price they expect to pay is higher than a year ago, up from $2,810 to $2,900 for a new car and from $800 to $920 for a used one.

There was no change from early 1956 in the 28 per cent who planned to buy furniture and appliances during the year.

The biggest shift in spending plans concerned homes. There was a decline from 9.4 per cent to 8.4 per cent in those who planned to buy and an increase from 22.2 per cent to 24 per cent in the number who expect to make major improvements in their old homes.

Joe S. Wishart To Resign GOP Finance Job

Joseph S. Wishart of Lincoln confirmed reports Sunday that he is resigning as finance chairman of the Nebraska Republican Party.

Wishart, long-time chairman of the state GOP finance and budget committee, said that he has advised Rep. A. L. Miller (R-Neb.) in a letter of his intention to step down from the position.

The details of this decision, Wishart said, will be given to the finance and budget committee at the March 17 meeting. This committee meets prior to the Republican Founders Day in Lincoln March 18.

Wishart indicated he would still retain his position as Republican State Treasurer, adding that this "was not an issue in my decision."

He has held both positions as party treasurer and finance committee chairman since 1939. The finance committee was formed in 1939.

Cornerstone Ceremony At Trinity Methodist

Participating in cornerstone laying service for the $200,000 educational unit of Trinity Methodist Church, 16th and A, were (left to right) Bishop H. Bascom Watts, resident Methodist bishop of Nebraska; Dr. Vance Rogers, Trinity Methodist pastor, and George A. Bess contractor. The ceremony, which included placing a box with historical papers, a Bible, and tape recording of the ceremonies within the stone, was held at Sunday services. Also participating in the ceremony was Niles H. Barnard, chairman of the official board. (Star Photo).

Auto-Pedestrian Accident Injures Kendra Young, 6

Six-year-old Kendra Sue Young, 3145 No. 60th, suffered possible head injuries and abrasions to her left leg in a car-pedestrian accident on 61st between Cleveland and Adams about 4 p.m. Sunday.

The girl, daughter of Mr. and Mrs. Dick Young, was taken to Bryan Memorial Hospital and was reported in satisfactory condition. She was unconscious for some time.

Police said the girl ran from a private drive northeast across 61st. Driver of the car involved, northbound on 61st, was Kai O. Anderson, 51, 2942 No. 65th.

Anderson told police he applied his brakes and tried to swerve around the girl but was unable to do so.

Phys Ed Festival Attracts 91 Girls

Ninety-one Nebraska high school girls from nine schools participated in "Play Day" at the University of Nebraska's Woman's Physical Education Department.

The program consisted of volleyball, basketball, duck pins, ping pong and relays in the morning; trampoline and fencing demonstrations and swiming matches in the afternoon.

Schools represented were: Omaha North and South High Schools, Seward, Crete, York, Plattsmouth, Ralston, Falls City and University High School, Lincoln.

TRINITY METHODIST CHURCH LAYS EDUCATIONAL UNIT CORNERSTONE

Cornerstone laying of the Trinity Methodist Church educational unit was held at Sunday morning services, with Bishop H. Bascom Watts giving the dedicatory sermon.

Speaking on "Minding Our Own Business," the Methodist bishop of the Nebraska area stressed that the phrase has varied meanings in the present-day world.

"Minding our own business means taking care of oneself—the first test of Christianity," he said, "but it also means caring for the needs of others."

For Children

Dedication of the new unit, which will be used primarily for children's activities, was cited as an example of "not only making a living but also making a life.

"Children are an asset," he said, "but only as much as we mind their business and help them grow."

Participating in the ceremony were three Sunday School children, all fourth-generation attendants of Trinity Methodist Gary Gilmour placed Sunday School materials in the cornerstone and Ann Musselman and Stephen Reed carried the cornerstone box to its resting place from the church.

Other church representatives placing church history and important documents in the cornerstone box were Lee Chatfield, chairman of the commission on education; Mrs. J. B. Schnell, president of the Woman's Society of Christian Service, and Ray Hitchcock, lay leader of the church.

Tape Recording

Dr. Vance D. Rogers, pastor, said a tape recording of the cornerstone laying services also would be placed in the cornerstone receptacle.

The educational building, located east of the church on A Street, cost about $200,000. The two-story building houses a 400-seat auditorium, classroom, a kitchen, lounge and church offices.

Participating in the laying of mortar on the cornerstone were Bishop Watts, Dr. Rogers, Niles H. Barnard, chairman of the official board, and George A. Bess.

SORE THROAT?

HOW LEADING HOSPITAL STOPS SORE THROAT PAIN FAST

Amazing new iodine gargle soothes, helps heal inflamed tissue

Science now releases world's greatest germ killer in safe, pleasant gargle form for throat infections!

Doctors in leading hospital have discovered new, fast relief for painful sore throat with revolutionary new type iodine gargle. In clinical tests on hundreds of patients suffering from worst sore throat pain, more than 9 out of 10 obtained fast relief. Doctors said, "Results were dramatic!"

First used in babies' throats under doctors' supervision it quickly stopped the dreaded throat infection, "thrush". The secret is a remarkable scientific advance—detoxifying iodine to make it safe yet potent to use.

Here for the first time is the full power of iodine at work in a gentle soothing film so that sore throat pain stops fast. This new gargle coats raw nerve ends inside the throat and mouth where pain starts —while it kills harmful bacteria that cause infection. Even hours later, germ count is practically nothing so relief lasts and lasts.

You can now get this dramatic new iodine gargle without prescription under the name of "Concentrated ISODINE GARGLE". It is stainless and has a remarkably refreshing taste. Use ISODINE Gargle at first sign of a cold to prevent sore throat misery. At all druggists.

McKelvie's Estate

The size of the estate of the late Governor Samuel R. McKelvie of Nebraska may surprise even those who were close friends of the widely-known Nebraska political leader, rancher, and publisher. His holdings were just a little bit under a million dollars, accumulated in a large sense in the closing years of his life.

But Sam McKelvie throughout all of his years was a man of simple tastes. It was not his habit to "put on the dog" or to live ostentatiously. He loved the outdoors—the cleanly wholesome atmosphere of that ranch in the Nebraska sandhills and the equally restful ranch home in Arizona where each year he spent a portion of the winter and spring. Infectious laughter that brought joy to all of his friends, keenly interested in everything that was happening around and about him, Sam McKelvie got a great deal out of living and gave a great deal to those who shared his friendship.

It was strictly in character that subject to certain life interests, Mr. McKelvie's estate was left in trust to provide assistance for students in the University of Nebraska College of Agriculture and undergraduates in political economy.

Research Scores A Gain

Welcome news emanated from the eleventh annual symposium of fundamental research held at Houston, Texas.

It was in the revelation by Dr. B. R. Burmester of the U.S. Department of Agriculture that an effective cancer vaccine had been developed.

It is not a human vaccine. It was developed in the department's research laboratory at East Lansing, Mich., in dealing with an affliction of poultry, affording immunization against lymphomatosis. Dr. Burmester reported that it increased normal resistance about 5,000 times.

Although the discovery has no direct application to human remedy its significance was indicated by its establishment of the fact that at least some forms of cancer yield to vaccine—a revealing discovery in terms of both pinpointing the nature of the ailment, and of directing future research with greater focus and confidence—a situation described by scientists as a "breakthrough."

While the highest interest in the attack on cancer is in the protection of human beings from the disease there is ample reward in the discovery of this new immunization method. It is estimated that lymphomatosis causes an annual loss to poultrymen of $75 million a year.

On the human side researchers assert there is enough similarity between lymphomatosis in chickens and leukemia in humans to warrant a belief that if a virus ever is found to be the cause of the latter it will open up the possibility of a preventive vaccine.

Shot In Arm Technique

Last summer tight money and a federal Reserve policy aimed at quenching inflation put a crimp in the nation's building boom. Now the national administration would stimulate home construction. It is advocating lower down payments for homes financed through the Federal Housing Administration.

The degree of relaxation can be described by specific examples. Presently a $15,000 home requires a down payment of at least $2,250. The administration would lower this minimum to $1,150. Similarly the $3,000 minimum down payment now required for a $20,000 home would be reduced to $2,500.

Without dwelling on the question of whether smaller down payments would prove sound business either for the government, the buyer or the lender, the scheme calls for speculation on whether it is just a shot in the arm and whether it contains enough remedial properties to be substantially effective.

While a reasonable down payment is essential it does not follow that it is the be-all and do-all of housing. A lower down payment may bring more buyers into the field, but it does not necessarily bring lenders out to meet them. The latter must be influenced by the number of available homes in respect to the real need as well as by the amount of lendable funds on hand in relation to the community's varied needs for credit.

The FHA is just emerging from a period where it lost its case in an effort to hold interest rates in the face of an incompatible credit market. Possibly a better course this time would be directed less toward relaxation than toward placing the potential buyer in a better position to make and fulfill his deal.

Of Men And Things

By J. E. LAWRENCE

To some of the medical profession, we assume, a million dollars is chicken feed, particularly if the million comes out of the pockets of the tax-payers.

★

Where Are We Going?

Here is Dr. Cecil Wittson, director of the Psychiatric Unit in Omaha, proposing a stepped-up mental health program to cost an additional $1.1 million, largely, we conclude, to finance the training of an enlarged staff of psychiatrists. Wittson's nine-point program of expansion in the mental health field included addition of 29 psychiatrists for duty in Nebraska, especially in the three mental hospitals. That was a very modest request, Dr. Wittson wanted the Legislative Budget Committee to understand. Actually the American Pcychiatric Association recommended a minimum of 60 psychiatrists for Nebraska. Presently there are only 25, hence the addition of 29, or more than double. Then Dr. Wittson told the Budget Committee of the need for 12 psychologists, conforming to the minimum recommendation. In all good time, we are given to understand, the drain upon Nebraska's pocketbooks for care of its mentally ill will be relieved. A fourth of the patients now receiving mental health care at public institutions could be cared for by private doctors in general practice, although it was not quite clear who would foot the bills of the private doctors. Then Dr. Wittson added that 85 per cent of the patients admitted to mental hospitals can be released within a year, and 75 per cent will remain at home. Who are we to challenge the figures? But before the Legislature gives the green light to this ambitious program it ought to get the facts through its own facilities. Those facts should not be too difficult to obtain.

★

Directly to the south of us in a neighboring state a program of mental health care has been in effect. That state is somewhat more populous, much more diversified in its income, and in much better shape to spend generously for the greatest tragedy that befalls mankind. We have seen some of its figures but we do not know whether they represent a substantial decrease in the cost of mental care or actually an increase over previous years before its mental health program was initiated.

★

Continuing Source Of Expense

This much we do know. Once a staff of psychiatrists is substantially expanded it is not likely to be reduced regardless of the economic position of the people of a state. There may be more mental patients cared for at home by doctors engaged in general practice—there may be more patients admitted to mental hospitals only to be released in a period of a few months but we do seriously doubt any substantial reduction in the numbers of doctors administering to these patients. We do not expect to see the staff slashed in half, for example, when drought in any single growing season or over a series of years reduces Nebraska income drastically. And the kind of health care that we are talking about is not cheap. Cost of 29 additional psychiatrists easily could exceed a quarter of a million dollars annually. Now because mental illness is so appealing to the understanding and compassion of the average individual citizen—because if there is any cause which pulls more on the heart strings of the public than mental illness, it is so difficult to give the impression that a state is justified in pinching pennies to deny to the unfortunate treatment which may restore them to reason.

★

Not only in this connection but in other branches we are proposing to embark upon a greatly expanded, costly medical center at the Omaha branch of the University of Nebraska. Expense of maintaining it as it should be developed may put a stinging bite upon revenues for every other college and school in the University. What we are seeing now could be only the beginning. We should find out where we are going and what it is going to cost us.

16 A-Plants

While the United States is now on the threshold of signalling construction of its first batch of atomic generating plants, meaning that a year or two must yet elapse before they become actual suppliers of power England has just announced plans for 16 more such power stations.

England authorized three atomic plants in 1955 and now has one of them in operation with the other two proceeding to completion. With construction of the 16 new ones it will be in a position to supply one fourth of the island's power needs with atomic energy.

Indeed, considering that the United States was first in the world with the atomic bomb and far ahead of all nations in the ability to convert fission to peacetime use England looks good by comparison. Its current crash program is expected to give it substantial protection against any future crisis in fuel such as that the recent Middle East flareup provided. While the United States remained safe from hardship when the sources of Middle East oil were plugged its over-all security was considerably imperilled by England and Europe's loss of that oil. Regarding the general welfare of the Western group of nations the United States has delayed too long in the development of its peacetime use of atomic energy.

Solid Recovery

Japan's new premier, Kishi, faces a strenuous job of holding his country close to the West where it has been since the war. But that is a political problem complicated by the fact that the group that formed the policy is growing fewer and older. There are other developments in Japan that bid fair to aiding him to success.

Japan has made an amazing economic and social comeback since its military defeat in 1945. The well-being of people and a record of improvement in their personal positions weigh heavily on the side of the administration and policies that attended prosperity.

Wages in Japan increased 5½ per cent last year while living costs held level. Personal savings increased more than 24 per cent. Moreover, Japan is swiftly getting back in the ocean shipping business. It launched 325 ships during 1956 with an aggregate carrying capacity of 1,746,429 tons. That was double its 1955 achievement and was 365,000 gross tons more than Britain launched.

It is also interesting to learn that Japan's birth rate is going down. Births stood at 18.4 per thousand while the figure in the United States was 25 per thousand. At that rate it is expected that the overpopulated Japanese islands may have a labor shortage in 20 years.

Military Withholds Document Of Press

WASHINGTON — The Army's court martial of Col. John Nickerson Jr., senior officer of the Redstone arsenal at Huntsville, Ala., for violating security, raises some important problems regarding security as far as news is concerned.

The Defense Department has sometimes been worried about newsmen who accidentally violated security by publishing something which might aid a foreign country. The Nickerson court martial, however, is a case where a newspaperman has to worry about cooperating with the Defense Department. It violated the news ethics established in Washington for years.

It happens that the Nickerson court martial was touched off through this column's concern that an Army document describing the security merits of guided missiles might contain security information of aid to a Russian spy. The document, accordingly, was submitted to the Defense Department for guidance.

Col. Nickerson, it now appears, was the probable author of this document, though I did not know this at the time. The document did not bear his name. Obviously written by a highly skilled technician who knows the battle between the Air Force and Army over guided missiles backward and forward, it was sent to certain Congressmen in an effort to block Secretary Wilson's order limiting the Army's work on guided missiles and favoring the Air Force instead.

☆ ☆ ☆

MUCH TECHNICAL DATA

The document contained certain data which obviously should not be published, much that could be published. It gave the performance figures on the Army's Jupiter C missile fired last September which hit a range of over 3,000 miles.

The document also announced the approximate time and place for the firing of the Air Force missile Thor in February. Publication of this would have given an enemy a chance to station a sub at sea to observe the test. The test was later postponed.

There were also data showing how the Air Force Thor and the Army's Jupiter were believed to be equal in performance, both being powered by oxygen-kerosene engines and guided by the inertial guidance system, etc.

The document also contained technical information on the counter-jamming circuits being built into antiaircraft missiles like the Falcon and the Snark. Some performance statistics were given, which it appeared should not be pushed.

There was also a discussion of the Navy's experiments with solid propellents, a compact fuel better adapted to storing in submarines carrying guided missiles. The size of the Navy's propellent missiles was given, together with the date they would be ready for launching.

Dulles Holds Lid On Active Volcano

WASHINGTON — Just past his 69th birthday and in his fifth year in the self-defeating office of Secretary of State, John Foster Dulles for many months has been trying to clamp the lid on a volcano.

That volcano is the Middle East where the dark and brooding passions — religious, economic, political — of the Arab-Israeli dispute have produced several limited wars and constantly threaten to generate a large war. It is the area where, for reasons far beyond the complexity of Dulles' personality, American policy has suffered the greatest reverses of the past four years.

☆ ☆ ☆

What may now be in prospect in the Middle East, if certain hopeful signs are not deceptive, is an uneasy truce enforced by a United Nations emergency force. The lava in the volcano will, temporarily at least, cease to flow. The pillar of smoke will subside and, in the relatively quiet interval, the task of peacemaking can be started — a task calling for years of patient effort.

Dulles' principal function as Secretary of State has been to hold the lid on one boiling situation after another so that it would not foam over into open war. The bloody conflict in Korea was ended but the Communist and the anti-Communist armies still face each other across an uneasy truce line.

Similarly in Indo-China an uncertain truce keeps the two forces apart. In Berlin they confront each other against the background of the explosive potential of the rebellious satellites. These are all lids held precariously in place.

The chief difference in the Middle East is a commodity vital to the life of western Europe — oil. If Communism succeeds in establishing itself at key points in the Middle East, then Europe and the West will be subject to Moscow blackmail. That is why the outcome of the Mideast dispute has been followed so breathlessly.

☆ ☆ ☆

Through anxious weeks Dulles has been working at the delicate and extremely difficult task of putting back together in some fashion the pieces of the Egyptian-Israeli puzzle. The Israelis were persuaded to move their forces from the last of the territory they had taken. Diplomats give Dulles high marks for his skill and persistence in carrying this through.

Now he is off on a round trip to Australia for a meeting of the Southeast Asia Treaty Organization that will add 12,000 miles to his travel record.

He returns on March 17, and three days later he will fly with the President to Bermuda for the meeting with Prime Minister Harold Macmillan. The objective of that meeting is to restore the close working relationship between the two English-speaking partners in the western alliance. On March 24 Dulles will return to Washington.

For sheer physical stamina, the secretary's performance is little short of amazing. It was scarcely more than four months ago that he underwent a major intestinal operation for cancer. Within three weeks of that operation he was again directing American foreign policy, and his energy and determination have never flagged.

BOB CONSIDINE

Kennan Says U.S. Can Handle Soviets

NEW YORK—This is part one of a talk with George F. Kennan, former U.S. Ambassador to the Soviet Union and chief architect of the Truman-Eisenhower "containment" policy toward the U.S.S.R.

Kennan, bald, scholarly native of Milwaukee, entered the Foreign Service in 1926 and held a variety of diplomatic posts before his appointment to Moscow in 1952. He is permanent professor of the School of Historical Studies and the Institute for Advanced Study in Princeton and has just been appointed George Eastman visiting professor at Oxford.

☆ ☆ ☆

On containment—"The doctrine is responding to my best hopes. But we must be wise, and, above all, patient. Communism isn't static. It is subject to evolution, like all other things. We will always be presented with opportunities, beyond the H-bomb, for making life livable on this planet.

"We need to remain strong, of course. But perhaps here and there we've overdone the matter of military strength. I don't think, for example, that we need so many bases in friendly or neutral countries. Low cement barriers across likely landing places might suffice in, let us say, Iceland. I don't consider this an extremely liberal view. Gen. MacArthur operated this way in securing the Pacific.

"I don't think foreign soldiers—and we're the foreigners, you must remember—are ever popular for any length of time."

World War III—"There's nothing inevitable about a third world war. It's just that when there's so much stress placed on atomic arsenals, and means of delivery, people begin to think war is, indeed, inevitable.

"I think we've convinced the Russians, or they've convinced their own people that we intend to take after them.

"I'm happy the Middle East resolution passed. It was wise of the Congress to give President Eisenhower what he wished. But I do think that it was an unnecessary action. Why confine it to the Middle East? If Russia moves anywhere across a frontier—with the possible exception of Afghanistan—it would mean war.

"Russia is not going to attack in the Middle East, or even send so-called volunteers. That was just a smart thing to threaten at the time.

"They have more problems than they can handle. I think we underestimate the colossal task of ruling a great multi-national empire. A lot of us think of the people in the Kremlin pushing a button and enforcing iron discipline from one end of the empire to the other. There's something called human nature that obstructs that kind of regimentation. Human nature is ornery, obstinate, irritable, courageous—as witness the events in Hungary."

JESUS LOVED THEM

Lazarus

It is easy to understand the confusion, unbelief, and astonishment of the people who witnessed this event.

Lazarus, the friend of Jesus and the brother of Martha and Mary, had been dead four days. The practical Martha told Jesus, when He asked them to take away the stone from before the dead man's tomb:

"Lord, by this time he stinketh."

Saddened a little by the lack of faith, even in His closest friends, Jesus ignored the objections and, lifted His face heavenward in a brief prayer.

"Father, I thank thee that thou heardest me. And I knew that thou hearest me always: but because of the multitude that standeth around I said it, that they may believe that thou didst send me."

Then He called into the dark tomb, "Lazarus, come forth."

Lazarus came stumbling out, still wrapped in his grave clothes.

"Loose him," said Jesus, "and let him go."

No doubt, as Lazarus walked again as a man and flexed his muscles painfully as feeling returned to his limbs, he tried to recall what it had been like to be dead and entombed.

It is quite likely that he could recall only a blank state of unconsciousness, similar to sleep, for Jesus had said:

"Our friend Lazarus sleepeth, but I go that I may awake him out of sleep."

Both Martha and Mary reproached Jesus with the same words before He had recalled Lazarus from the tomb.

"Lord, if thou hadst been here, my brother had not died."

". . . he cried with a loud voice, Lazarus, come forth. And he that was dead came forth, bound hand and foot with grave clothes . . ."

—John XI:43,44

Perhaps it was for them, for their lack of faith, for their blindness to His true identity that Jesus wept in that moment, rather than for His friend Lazarus, whom He was about to restore to life. For the answer He gave Martha is the answer that lives today as the solace of Christians who mourn for their loved ones:

"I am the resurrection and the life; he that believeth on me, though he die, yet shall he live; and whosoever liveth and believeth on me, shall never die."

BILL DOBLER At City Hall

City Will Inherit No 'Lemon'

Dobler

Like any first or infrequent visitor to the Sanitary District 1 disposal plant at 22nd and Theresa, Mayor Bennet Martin was very favorably impressed with what he saw on a week's end tour of the operation.

There are probably few major government operations which are less understood and fully appreciated than the disposal plant. The collection and treatment of sewage is a vital and complicated part of the community's responsibility.

Spread over a large area, the plant is similar in one respect to the city's water works property. This is a similarity in cleanliness. The physical properties of the disposal plant, its buildings, pumps and equipment, are kept in spotless condition.

When the city falls heir to the plant, it will not be inheriting any lemon. At this time, the plant could handle from 25 to 30 per cent more sewage than is now being processed. This means there will be no costly capital expenditures needed there for a number of years. The District is justified in the pride it has taken in its 22nd and Theresa operation.

☆ ☆ ☆

Developments to date on the temporary integration of police and fire department activities indicate the most serious fault in the plan may lie in its effects upon the morale of the fire department.

It, of course, is too early to reach any final conclusions on the overall value of the plan but it seems safe to say that whole-hearted acceptance of the plan by the fireman has not yet been achieved. It might further be asked how successful the plan can be without such acceptance.

If forced upon the firemen, the plan could destroy the spirit that has been so characteristic of that department for so many years. This is the spirit of loyalty and pride that has always been so evident among the firemen and the thing that has made the department what it is.

There are no doubt many reasons among all the firemen for this dislike of the integration but one of the most commonly heard is the simple fact that some of the men just don't want to be policemen. It is meant as no condemnation of the police but merely as a dissatisfaction with that type of work. The idea is the same as a dentist who would not want to be a lawyer, the lawyer who has no desire to be an engineer, the engineer who wants no part of teaching and on down the line.

The City Council committee studying the integration plan has probably already considered it but a voluntary program might be the answer to this morale problem. The police cruiser car work could be offered to firemen for extra remuneration. Then, those who wanted it could sign up and those who objected could take that road.

Another subject presenting a difficult choice for the City Council is expected to make its formal appearance Monday.

The subject, cigarette vending machines, will be in the form of an ordinance to legalize the use of that equipment for sales to the general public. Merchants have a good argument, from a dollars and sense points of view, in favor of the machines. The machines eliminate cigarettes as an item for the employes to handle, thus eliminating whatever time this takes. Secondly, losses by a business through cigarettes which are never paid for can be eliminated with the vending machine. With the machine, no one can get the cigarettes without depositing the required money.

On the other hand, there is the question of sales to minors. It can be argued that minors can come into possession of cigarettes just as easily through the direct sales method as with a vending machine. It is still the thought of many persons, however, that the vending machine offer the youth a better opportunity to obtain tobacco.

While it will be an unpleasant decision to make on the ordinance, the outcome will probably be determined by the fact that there are more persons who do not want the machines than there are business concerns that do want them. Particularly with an election coming up, those Council members who will be seeking office are not likely to take any action which might offend the personal attitudes and opinion of a great many people.

By now, the City Recreation Department should have an excellent knowledge of movers. The Department could probably start a new public service—tips on moving.

Within a short period of time, the Department has gone from the City Hall to a second floor location across the street, then into temporary quarters at 9th and O and is now in the Pershing Municipal Auditorium. Even now, they may not be permanently located.

Some of the Department's employes may tire of their work but boredom with their surroundings is one thing they have not experienced in a good long time.

Doing Without

Lincoln, Neb.

To the editor of The Lincoln Star: President Eisenhower has asked the states to put up 25 per cent of the aid to many people in all walks of life. The time has come that many people will have to make some sacrifices as we did when we developed this country. The last few years of prosperity have come mostly from too much public and private debt. The New York Chamber of Commerce in a statement said that we owe a trillion dollars in public and private debts. That shows on its face that we have gone too fast and wanted too much of the world's goods. Congress is going to clamp down on give-aways to too many elements so that people will have to practice a little more economy from now on. Thus in a lot of things that the people can get along without let them practice more self-preservation. We can't keep on going into debt as we have.

Brides At Sunday Ceremonies

MRS. DONALD D. KNUTH

MRS. JOSEPH BUD PLESSEL

At a candlelight wedding on Sunday evening, March 10, Miss Phyllis Mae Otto of Lincoln, daughter of Mr. and Mrs. George W. Otto of Mead, became the bride of Donald D. Knuth, son of Mr. and Mrs. Harry Knuth of Gresham. The altar of Zion Lutheran Church at Ithaca was decorated with bouquets of pink snapdragons and white gladioli for the service, which was read by the Rev. E. F. Hannemann, and Miss Clarice Buelke, organist, played the wedding music and accompanied Kenneth Johnson.

As the maid of honor, Miss Arlene Flessner appeared in a frock of pink net over taffeta. Appliques of lace trimmed the full, ballerina-length skirt, which was snugly sashed with taffeta, and her colonial bouquet was fashioned of aqua-tinted carnations. Costumed identically in aqua net and carrying pink carnations were the bridesmaids, Miss Doris Knuth and Mrs. Orville Lehman.

Merle Knuth served his brother as best man, and seating the guests were the Rev. Orville Lehman and Robert Knuth. Marlin Otto and Garwood Vavak lighted the candles for the 7:30 o'clock service.

For her wedding, the bride chose a gown of white lace and tulle over satin. A flaring collar of lace accented the throatline of the illusion yoke, which was framed by the lace of the fitted bodice, and the sleeves were long and tapered. Alternate panels of lace and tulle formed the very full skirt, and her illusion veil was held to the head by a cap of sequin-dotted lace and tulle. She carried a white Bible ornamented with white camellias, and wore pearl earrings, a gift of the bridegroom.

Mr. and Mrs. Knuth will make their home on a farm near Mead.

The marriage of Miss Joyce Elaine Bagg, daughter of Mr. and Mrs. Ernest W. Bagg of Waverly, to Joseph Bud Plessel, son of Mr. and Mrs. J. H. Plessel, was solemnized early Sunday evening, March 10, at the Waverly Methodist Church. The lines of the 7 o'clock service were read by the Rev. Frank Kirtley in the presence of 150 guests, and Miss Marilyn Johnson, organist, played the wedding music. Miss Johnson also accompanied Rolland Sandberg, the vocal soloist.

Wearing identically-styled frocks of brocaded satin in spring shades of pink, yellow and aqua were Miss Margaret Ann Bagg of Waverly, as the maid of honor; Miss LaRae Swartz, Lincoln, the bridesmaid; and Miss Sandra Kay Bridger, Waverly, the junior bridesmaid. Their costumes were fashioned with sleeveless, Empire bodices, and widely-flaring skirts, and they carried colonial nosegays of white and pink carnations frilled with lace and satin ribbons. Miss Deborah Plessel of Lincoln was the flower girl.

Lighting the candles were Miss Janice Headrick and Carl Wayne Schlaphoff, Waverly.

Donald Plessel served as best man, and the ushers were Norman Sallenbach, Milford; Richard Smith, Donald Ensminger and Warren Smith, all of Lincoln.

The bride's gown of white imported lace and tulle over satin was designed in the period mode. An applique of the lace trimmed the front of the snug, tulle bodice and formed the Sabrina neckline extending over the shoulders into long, tapered sleeves. The applique motif was repeated on the full, waltz-length skirt of tulle, and her illusion veil was held by a cap of jeweled lace. She carried a white Bible marked with a cluster of red roses.

Mr. and Mrs. Plessel will reside at 230 So. 46th in Lincoln

AROUND THE TOWN

THERE may be many a slip 'twixt now and an authentic spring. Nevertheless many a feminine golfer is eyeing her clubs with gleeful anticipation of that day when women's golf activities begin at the various clubs.

And she won't have too long to wait.

We learned from Mrs. Ted Franks, ladies' golf chairman at Hillcrest Club this season, that on Thursday, April 11, there will be a morning coffee at Hillcrest when the members of the golf board and the chairmen of the various ladies' golf committees will discuss plans for the forthcoming season. The plans call for the opening ladies' golf day on Thursday, April 25—provided the weatherman shows a tendency to cooperate.

* * *

BUT in the more immediate future is the Gourmet party planned by the members of the 100 Club for Saturday evening, March 16. The affair, a dinner dance, has as its arrangements committee Mr. and Mrs. Leslie Wright, chairmen; Mr. and Mrs. Jack Van Patten, Mr. and Mrs. William Edwards, Mr. and Mrs. Alfred Larson, Mr. and Mrs. Robert Campbell, Mr. and Mrs. Arthur Yost, Mr. and Mrs. Jack Martin and Dr. and Mrs. John A. Brown, III.

* * *

HEAR that Mrs. Oliver Everett is spending some time at the home of her cousin, Mrs. Stanley Zemer. Mrs. Everett, a former Lincoln resident, now makes her home in Belmont, Calif., where her son-in-law and daughter, Mr. and Mrs. Eyer Sloniger, reside. She plans to return to Belmont in about a week to spend the summer there—and next autumn she may have a change of heart and come back to Lincoln—We're guessing, however, that by the end of summer Mrs. Everett will decide to spend the winter in California, and that it won't be many months before she will consider Belmont her permanent residence.

Since her arrival in Lincoln Mrs. Everett has been honored at countless informal affairs.

* * *

HOME again are Mr. and Mrs. John Lawlor who whiled away some late winter hours in Florida. Mr. and Mrs. Lawlor went first to Mount Dora, where they were the guests of Mrs. Lawlor's sister, and from there went on to the west coast of the state to spend the remainder of their holiday.

* * *

AND expected home from Ft. Lauderdale, Fla., this mid-week are Mr. and Mrs Howard Wilson who have been vacationing there for the past few weeks.

* * *

JUST this moment heard of guests who are arriving in town this evening. They are Mrs. Keith Britton and her young son, Billy, who will come from Laramie, Wyo., for a visit with Mrs. Britton's parents, Mr. and Mrs. Earle V. Johnson.

* * *

WE also have learned that Mrs. William Seiboldt (Mickey Walt) is at Bryan Memorial Hospital where she is recuperating from an appendectomy.

Marriage Is Solemnized

The wedding of Miss Dorothy Gertsch, daughter of Mr. and Mrs. Bert W. Gertsch of Stromsburg, and A. 2c Eugene F. Harper of Evergreen, Ala., took place Sunday afternoon, Feb. 17, at Calvary Lutheran Church in Swedeholm. The 4 o'clock ceremony was solemnized by the Rev. C. M. Hadley.

As her sister's matron of honor, Mrs. Robert D. Irmer of Pittsburgh, Pa., appeared in a frock of pastel green net completed by a fitted jacket of lace in matching tone. Her bouquet was fashioned of white and pink carnations. Miss Connie Marie Miller of Los Angeles, Calif., attended her aunt as flower girl.

A. 1c Everett Couch served as best man, and seating the guests was A. 2c Vernon Sharp, both of the Lincoln Air Force Base.

The bride's gown of white net and lace was designed in the colonial mode. The strapless bodice of lace was covered by a closely-fitted jacket of the lace, and ruffled tiers of the net formed the wide skirt. Her illusion veil was held by a coronet of pearls and sequins, and she carried a white Bible ornamented with a cluster of pink roses.

They will make their home in Lincoln where the bridegroom is stationed at the Lincoln Air Force Base.

March Programs Of PTA Units

The monthly meeting of Havelock and Dawes School PTA members will be held at 7:30 o'clock Tuesday evening when a discussion on the controversial location of a neighborhood shopping center in the area will be a feature of the program. Speakers will include Dr. Steven Watkins, superintendent of Lincoln Schools, and a representative of the Lincoln Builders.

All who are interested are welcome to attend.

Members of Lakeview PTA marked the World Day of Prayer at their monthly meeting Friday evening at the school, and Nebraska's State Day was commemorated in the program given by Mrs. H. Brt.

During the business meeting, members of the nominating committee were appointed. Hostesses for the social hour were Mrs. Robert Lehl and Mrs. Leonard Lehl.

THE STAR IN SUBURBIA

Our March bag of tricks is filled to the brim this morning with a variety of news notes from our Cotner Terrace and Northeast Heights suburbs. On our jaunt we've learned of a holiday party, a neighborhood coffee, a baby shower, a birthday celebration, and several visitors in the area.

COTNER TERRACE

That pretty perky coffee pot was kept busy again last Wednesday when Mrs. Kenneth Fisher was coffee hostess to friends at her home. Guests attending the morning affair were Mrs. Theo Hanneman, Mrs. Wendell Sipp, Mrs. Harold Connolly, Mrs. David Lorang, Mrs. Donald Spencer, Mrs. Kenneth Doermann, Mrs. Al Young, and Mrs. Leslie Davidson.

Birthday celebrant last Friday evening was Mrs. Donald Eisele, who was honored at a dinner party given by Mr. and Mrs. Albert Eisele at their home. Included among the guests were Mr. Donald Eisele and daughter, Sara Ann, Mrs. Eisele's parents, Mr. and Mrs. George Dewey, and her sister, Phyliss.

Several Cotner Terrace residents were guests at a baby shower given in honor of Mrs. Leroy Ross last Saturday evening. Hostesses for the shower were Mrs. Clarence Jansson and Mrs. Charlotte Wendt and guests who were invited to the Jansson residence included Mrs. Wallace Kruger, Mrs. Henry Ross, Mrs. Arlin Ross, Mrs. Henry Kruger, Mrs. George Kruger, Mr. J. E. Mrs. F. C. Kruger, Mrs. Louise Schmidt, Mrs. Marion Wulf, Mrs. Elmer Churchill, Mrs. Edwin Mohrhoff, Mrs. William Webb, Mrs. John Lofgren, Mrs. Paul Johnston, Miss Nettie Markitan, Miss Darlene With, Miss Arlene Brakhage, Miss Peggy Bader, and Miss Elaine Kadavy.

Entertaining house guests over the weekend of March 7, were Mr. and Mrs. Donald Eisele. The visitors were Mr. Eisele's brother and sister-in-law, Mr. and George Eisele, and his sister, Miss Delores Eisele, all of McPherson, Kan., and Miss Eisele's fiance, Roland Delay of Burr Oak, Kan.

NORTHEAST HEIGHTS

Time to start thinking of the blarney stone, the shamrock, and the wearing of the green, all in honor of old Erin and St. Patrick, for the celebrated Irish holiday is almost here. Several of our neighborhood couples are planning a celebration of St. Patricks Day with an evening of dancing next Saturday at the Turnpike. Joining in the gay affair will be Mr. and Mrs. George Kaufman, Mr. and Mrs. Donald Broman, Mr. and Mrs. William Johnson, Capt. and Mrs. Larry Swihart, and Dr. and Mrs. Darrel Moreland.

Understand that Mr. and Mrs. Donald Broman and their two sons, Ivan and Jeffrey, spent last weekend in Holdrege as guests of Mrs. Broman's parents, Mr. and Mrs. Ivan Wohlgemuth. Celebration and festivities were certainly in order for all of the family members when Mrs. Broman's grandparents, Mr. and Mrs. W. W. Wohlgemuth of Holdrege, were honored on their 57th wedding anniversary.

Girl Scouts To Mark Forty-Fifth Anniversary

As the Girl Scouts of America this week celebrates the 45th anniversary of their organization, they also are marking centenary celebrations honoring the Englishman, Robert Baden-Powell, who originated Scouting for Boys and was one of the first supporters of Girl Scouts and Girl Guides.

Celebrating the double anniversary, members of Girl Scout Troop 55 of Randolph School inducted into membership Mayor Bennett Martin at a special ceremony held last Thursday at the City Hall. The ceremony was the last of a series of activities for the troop members, who have been working to earn their citizenship badges.

Beverly Klein shows Mayor Martin the Girl Scout handclasp and salute as troop members look on. From the left are Barbara Trebelhorn, Michele Rice, Linda Krueger, Roxanne Hollstien, Dianne Chudly, Barbara Carlson, Pamela Ailes and Barbara Beckmann.

Hard at work to earn their swimming badges and to be ready for a summer at the nearest neighborhood pool are these members of Girl Scout and Brownie Troops in the Holy Family, Southeast and College View school areas.

The girls began their swimming lessons in earnest last January and meet every Thursday evening at the Southeast High School pool for instruction by Don Myers, assisted by Roger Corn.

From the left are Joy Preece, Troop 92; Catherine Banker, Troop 152; Kay Blazek, Troop 60; Nancy Caughran, Troop 88; Carol Adkisson, Troop 110; and Vivian Payne, Troop 157.

Also participating in the program are members of Girl Scout Troop 75. Mrs. George Preece serves as chairman for the troops in Girl Scout neighborhood 8.

Honored

Honored at luncheon Friday noon at the Hotel Cornhusker was Mrs. Claire Drew Forbes Walker of Santa Barbara, Calif., national president of Gamma Alpha Chi national advertising fraternity for women, who met with active and alumnae members of the organization.

Following her arrival Thursday evening, Mrs. Walker met with national officers of the fraternity who reside in Lincoln, Mrs. Raymond Kubie, national treasurer; Mrs. William D Maly, national executive secretary; and Miss Norma Carpenter, who recently was appointed national historian.

Miller Plans Reclamation Bill

. . . 3 Nebraska Counties Would Be Irrigated

WASHINGTON (AP) — Rep. Miller (R-Neb) plans to introduce a bill Monday to place a central Nebraska reclamation district under a unique new partnership agreement with the federal government.

The veteran Nebraska Congressman said Sunday the bill provides for the government and the mid-state reclamation district to divide the cost of facilities.

The district would seek to borrow federal funds, without interest, for irrigation of 140,000 acres in Buffalo, Hall and Merrick counties. It would ask a government grant for flood control and recreation, fish and wildlife development.

Partnership Unique

But Rep. Miller said the district would agree to finance construction of hydro-electric plants with private capital to be borrowed and thus would be a non-federal project. This, he said, is the unique part of the program.

Rep. Miller said cost estimates for the project are about 65 million dollars, including 47 million for all phases of the program except hydroelectric power.

He said reimbursable funds would be returned to the federal treasury over a period of years through income from irrigation and that power revenue would pay off the private capital loan.

Water for the irrigation would be impounded, Rep. Miller said, by construction of a series of dams in the area foothills.

Report Needed

He said final engineering reports will have to be completed in the field to establish ultimate design and cost of the project and a feasibility report filed and approved before the Department of Interior can recommend the project for construction.

Rep. Miller said he is hopeful the necessary reports can be made available in time for the bill to be brought before the current session of Congress.

Oscar Drake of Kearney, Neb., president of the Mid-State District, said final project reports by the district engineer should be completed by Aug. 1.

CHADRON STATE COLLEGE PLANS NEW SCIENCE, INDUSTRY TOUR

An opportunity to learn first-hand the latest in the field of science and industry is being offered science teachers this summer at Chadron State Teachers College.

This opportunity is in the form of a special two-week tour during the post session. The tour offers three hours of graduate credit.

During the tour, teachers will spend three days in Chicago visiting the Museum of Science and Industry, the Adler Planetarium, and the University of Chicago.

From Chicago the tour will go to Detroit and the General Motors Technical Center for a study of the transportation industry.

To See Steel Plant

On the way back from Detroit the tour will stop at Gary, Ind., and visit the US Steel plant to learn the latest in steel-making techniques. From there the tour will go to Whiting, Ind., for a first-hand look at the petroleum industry with a tour through the Standard Oil of Indiana plant.

Before leaving Chadron, two days, Saturday and Monday, Aug. 3rd and 5th, will be spent at the college in preparation for the observations to be made on the trip.

At the end of the trip two papers will be required—a general resume and a detailed study of one of the observations.

The tour, which will be made in an air-conditioned bus, will return to Chadron on Saturday, Aug. 17th. Entire cost, including tuition, housing, meals and transportation will be $96.

Dr. Lyle Andrews, chairman of the division of science and mathematics at Chadron State, will be in charge of the tour. He will be assisted by Don Carter, science instructor at the college.

Seamstress, 84, Works 8-Hour Day

GENEVA, Neb. (AP)—At the age of 84, Mrs. Cora Shackelford of Geneva believes in doing what she's done for over 60 years—working at her sewing machine from 8 to 10 hours daily.

Mrs. Shackelford, who has served Geneva as a seamstress for the better part of her life, specializes in dress making.

"I like to keep busy," she says, "and in my business women come in often for fittings. They always take time to visit with me, and I enjoy talking to them a great deal."

She arises early and is at her sewing machine by 6 to 6:30 a.m. her work day lasts until 5 or 5:30 p.m.

Mrs. Shackelford uses a sewing machine her husband bought for her 40 years ago. She also has another—40 years old—which she bought from a neighbor three years ago.

"Getting another one now is out of the question," she says. "By the time the two I am using are worn out, I probably will be played out, too."

Right now, though, she says she's in excellent health.

Science Learns How To Stop Asthma Attacks

Doctors Find New Tiny Tablet Gives Relief In Minutes... Lasts For Hours!

New York, N. Y. (Special) — Medical science has developed a new, tiny tablet that stops asthma attacks . . . and gives hours of freedom from recurrence of painful asthma spasms.

Authoritative medical tests have proved that this remarkable compound brings blessed relief in mere minutes . . . relief that lasts for hours.

This fast-acting formula is prescribed more than any other by doctors for their private patients. And now asthma sufferers can obtain this formula — *without prescription* — in tiny, easy-to-take tablets called *Primatene**.

New Primatene helps relieve asthma spasms these important ways: (1) opens bronchial tubes so that breathing is natural; (2) loosens mucous congestion; (3) relieves taut, nervous tension.

All this without taking painful injections, and without the inconvenience of nebulizers.

The secret of Primatene is that it combines *3 medicines* found most effective in combination for asthma distress. Each medicine performs a special purpose.

Primatene is available at all drug stores. The price is only 98¢ for a bottle of twenty-four tablets. And remember — if not entirely satisfied, your money will be refunded promptly.

So look forward to sleep at night and freedom from anxiety by day. Get Primatene, *today!*

TWO WILL DRIVE 21,600 MILES TO FAIRBURY JUNIOR COLLEGE

Two determined students at Fairbury Junior College will be able to tell their grandchildren they drove 21,600 miles to school, "back in the good old days." And they won't be kidding.

Mrs. Gladys Levendofsky and Jim Warner make the 50-mile trip from Belleville, Kan., three days each week. In addition, Mrs. Levendofsky also attends classes on Saturday mornings and Monday evenings, making nearly 500 driving miles per week for her.

Mrs. Levendofsky, a farmer's wife with six children, is majoring in elementary education. After receiving her certificate, she plans to supplement the family income by teaching.

On Honor Roll, Has Job

Warner is a secondary education major. In addition to his full-time studies, he also holds a full-time job as clerk for the railroad. Despite all this, he was an honor roll student last semester.

Mrs. Levendofsky and Warner take turns driving from Belleville to lessen the wear on their cars.

They estimate that by the time they graduate they will have driven 21,600 miles in pursuit of an education.

8 International Farm Youth Exchangees Slated For State

Eight International Farm Youth Exchangees (IFYE) to Nebraska this year will be among 190 farm youths visiting the United States from other countries.

At the same time 128 American farm boys and girls will live with farm families in Latin America, Europe, Asia, Africa, the Pacific and the Near and Middle East. This is the largest exchange ever conducted under the IFYE program, according to an announcement from the National 4-H Club Foundation in Silver Springs, Md.

Exchangees to Nebraska will include two young women from India, visiting from May 16 to July 27, and two young men from Burma, who will be here from Aug. 13 to Oct. 7.

To Host Three From Europe

John D. Orr, assistant state leader of 4-H and Young Men and Women at the University of Nebraska, announced that Nebraska will host three other delegates from Europe and one from Latin America. Additional information on the IFYE delegates to Nebraska will be available at a later date.

Plans are being made for an orientation program in April for families with whom the IFYEa will live while in the state, Orr says.

Nebraska's two 1957 IFYE delegates, announced previously, are Joyce Carlson of Stratton, who will go to India, and Milton Christensen of Omaha, who will visit Uruguay.

The IFYE program for developing international understanding is conducted by the National 4-H Club Foundation and the Agricultural Extension Service. It is financed by private contributions. Trips of Nebraska IFYE delegates are sponsored by Nathan Gold, Lincoln businessman, and the state Rural Youth organization.

GRADE SCHOOL MUSIC TAUGHT OVER RADIO

Grade school music is now being taught in the Chadron area by weekly lessons over radio station KCSR, Chadron.

In co-operation with Dawes County superintendent John Castek, Dr. Harry Holmberg, professor of music education at Chadron State Teachers College, has produced a series of six special tape-recorded programs.

These programs are primarily signed for students in Dawes County Rural schools to prepare them for the forthcoming Dawes County Rural School Music Festival which will be held at the Chadron Community Building, Monday, April 15th.

Dr. Holmberg is being assisted in the series by two music majors at the college, Oris Mowry, Hot Springs, S. D., and Gary Naylor, Chadron.

If these programs prove beneficial to the students, the college has plans to produce an entire series for the rest of the semester. These would be tape recorded and made available to any radio station desiring to run such a public service program. The tapes would also be made available to schools located in areas where radio reception is poor.

Neb. City Board Okays $600,000 Bond Sale

NEBRASKA CITY, Neb. (AP) — The Nebraska City Board of Public Works has authorized issuance of $600,000 in revenue bonds to cover cost of a new electric generator and additions to the municipal water plant.

The bonds will be offered for sale in April.

Although the new engine and the rest of the improvements will cost an estimated $732,000, a total of $132,000 is available from surplus funds arising from plant earnings.

Save an extra nickel out of every dollar

—to help keep prices from going higher

Don't let anyone tell you that living costs have to keep climbing. We *can* check inflation.

One of the main causes of rising prices is *overspending*. If each of us will save only an extra nickel out of every dollar we earn, we will put a strong brake on inflation.

For this will produce *billions* of dollars in savings—money which is urgently needed to finance more factories, homes and schools.

And, of course, you get a personal bonus from your extra savings—the feeling of independence and security that a growing nest egg brings . . . the feeling that your house is in order.

As a second step to fight inflation, all of us should support every reasonable move to reduce government spending—federal, state and local.

Sure, all this means a sacrifice. But isn't it worth it, if this means continuing our prosperity—and keeping it *sound?*

Legendary Surveyor Brings Cody, Byron To Tourney

By RON GIBSON
Star Sports Staff Writer

The State High School Basketball Tournament will bring together some far-flung teams, two of which are in the tourney partly by reason of the location of state boundary lines.

Cody and Byron, two of the Class E participants, are just barely within the confines of Nebraska. Cody is almost in South Dakota and Byron hangs on the Kansas-Nebraska line.

Legend has it that the Kansas-Nebraska boundary was laid out by Febold Feboldsen, a gigantic character who is this state's answer to Paul Bunyan of north woods fame.

Feboldson is said to have invented popcorn balls. He planted sugar cane on top of a hill and popcorn at the bottom. The hot Nebraska sun melted the sugar into syrup, which ran down the hill and mixed with the corn. The corn was popped by the same hot sun.

Feboldsen's feat of laying out the Kansas-Nebraska border was a neat one, too. He is supposed to have hitched some bees to a plow and cut a straight furrow, since the bees flew in a bee line.

This surveying was necessary after the aforementioned Bunyan bungled the job.

Seems Kansas was at one time mountainous. Big Paul wanted to use the space for a farm so he turned the mountains upside down, leaving their flat bottoms up. That made Kansas level but some of the mountains spilled over and wiped out the Nebraska-Kansas border.

Paul tried to make a new boundary. He hitched his massive blue ox, Babe, to a plow and set out. Babe was feeling frisky and Paul cut a pretty crooked furrow, which is now the Republican River.

The town of Cody gets its name from the almost-legendary William Cody, more commonly known as Buffalo Bill. Mr. Cody made his living killing buffalos right and left, a practice now frowned upon—especially by the members of the dwindling buffalo herds.

But, back to the Republican River, which is the raison d'etre of the Republican Valley.

The Republican Valley League is well represented in the State Tourney with two teams—Alma in Class C and Elwood in Class D.

Only one conference has better representation in the tourney. The Big Ten sends Grand Island and Hastings to the Class AA tourney and Columbus to the A tourney.

Hastings, runner-up to Fremont in the East Division, is coached by Earl Applebee. He's a brother of Merle Applebee, the Lexington High coach. Lexington is also in the A tournament.

This is probably the first time in history that two brothers have coached teams in the State Tourney.

This is the first year in a long, long time that Lincoln hasn't been represented in the top division of the big carnival.

Under the four-class plan it was almost a cinch for either Northeast or Lincoln—and often for both—to make the grade. The district tourney winners and runners-up both qualified then and beating Fairbury, Falls City, Beatrice or Nebraska City usually meant a ticket to the State Tourney.

Lincoln High and Northeast each got one shot under the six-class plan, now in operation for the third year. But Grand Island clipped both of the locals this year.

Lancaster County will still be represented by two teams, however: University High in Class B and Waverly in Class C.

A total of 21 counties are represented in this year's State Tourney. Douglas County has three teams in—Boys Town, Omaha Benson and Omaha Holy Name.

Other counties and the teams which will represent them:

Hall (Grand Island), Adams (Hastings), Dawson (Lexington), Platte (Columbus), Keith (Ogallala), Dawes (Chadron), Madison (Madison), Fillmore (Geneva), Seward (Utica), Richardson (Verdon), Knox (Center), Custer (Arnold), Gosper (Elwood), Harlan (Alma), Burt (Oakland), Hamilton (Phillips), Thayer (Byron), Cherry (Cody), and Saunders (Weston).

No Facts In 'Fix' Inquiry

Ref Is Questioned By Mo Valley

ST. LOUIS (AP) — The Missouri Valley Conference officials committee announced Sunday after a five-hour meeting it had found no solid facts to substantiate rumors that one of its basketball referees "was involved in a basketball fix."

The referee, withdrawn from further assignments after the rumors reached conference officials in mid-February, appeared before the committee and categorically denied the reports.

The Rev. Charles L. Sanderson, S.J., of St. Louis University, conference president, said the conference will continue its inquiry but admitted it has nothing to go on at this time.

"We are prepared to follow out any new leads that come our way," he said.

The committee reiterated its "full confidence in all Valley officials and referees of other conferences." It pledged its full cooperation with any law enforcement officials "to eleminate those gambling elements which are a threat to intercollegiate athletics."

Asked whether the referee involved in the rumors would be restored to duty next season, Father Sanderson said "part of that's up to him."

"As far as that's concerned, when the investigation is completed and if nothing further shows up he certainly will be restored to good standing."

The Missouri Valley officials sent out a letter when its inquiry first began requesting "any possible leads or information concerning the charges."

There was nothing derogatory about the referee in any of the replies, which were studied Sunday by the officials committee, Father Sanderson said. "There was high commendation of him all the way through," he added.

The request for information presumably went to the Minneapolis district attorney because one of the rumors was that Minneapolis gamblers and oddsmakers suspected the referee was using his Whistle to control the "point spread"—the number of points by which a game is decided.

The committee also viewed a movie of one of the games mentioned in rumors about the referee but, the committee announced, the screening "failed to reveal any indication of a fix."

Buffs Could Tie With Win Tonight

NU Comeback Nets 4th Place

By DON BRYANT
Sports Editor, The Star

Big Seven basketball, 1957, is just about history.

Only the Colorado - Oklahoma game at Norman Monday night remains before the record books can be stored in the archives.

The contest has no bearing on the race, except as to its effect on the two teams involved.

Kansas, as expected, waltzed to the title. Defending champion Kansas State and a fine Iowa State club battled for the No. 2 spot, with the Wildcats grabbing it.

And Jerry Bush's Nebraska Cornhuskers finished strong to at least grab a share of fourth place after a near scrape with the cellar.

The Huskers started strong, whipped four Big Ten clubs and fought their way to a 3-3 record in the loop. Then the roof fell in and they lost four straight—Iowa State, Kansas State, Kansas and Oklahoma.

But Bush's troops came roaring back to soundly whip the Sooners and the Cyclones, finishing the year with a 11-12 record—the best under Bush—and a 5-7 mark in conference play.

Colorado, by beating Oklahoma tonight, can wind up in a tie for fourth with the Huskers, while the Sooners can grab a share of sixth, with Missouri, by turning back the Buffs.

Nebraka's win over Iowa State was the high-water mark of the year and was a great way to close out the campaign.

Capt. Rex Ekwall, who set an NU scoring record of 854 points in three years, was never better and the entire team did a tremendous job in stopping All American Gary Thompson & Co.

The Cyclones were the only Big Seven team to whip Kansas and Wilt Chamberlain, but the Huskers never let that bother them in gaining revenge for an earlier defeat at Ames.

Every time the Cyclones came close, Nebraska buckled down and took charge again.

Only three Huskers will graduate, one the very valuable Ekwall and the others important squadmen Billy Wells and Dud Doebele, so Nebraska won't be decimated by the loss of seniors.

This, plus the fact that Bush has assembled his finest freshman crop, indicate Nebraska can look forward to an improved club for the 1957-58 season.

As expected the Big Seven was a nip-and-tuck conference this season, with upsets coming with amazing regularity.

But, with only one game remaining, the campaign is all over but the final tabulations.

It was a great season, anyway you want to look at it.

Boys Town Opens Title Defense Against Benson

CHIEFS' TICKET DRIVE QUOTA SET AT 52,800

Quotas for the six downtown civic clubs conducting the third annual Chiefs Baseball Ticket Campaign total 52,800 tickets, Joe Silverman, general chairman, announced Sunday.

Each downtown club will have 800 books of 11 tickets or 8,800 tickets to sell.

Coverage of the down Lincoln business area should be the most complete in the history of the campaign, Silverman believes. "Our initial meeting of the Managers for the downtown clubs indicates tremendous enthusiasm. We are out to set a new record in sales," Silverman said.

Suburban clubs and areas will be announced in about 10 days. Meantime, downtown clubs have been assigned areas by lot. Territories and managers are as follows:

Optimists (Joe Luchsinger), center of 9th street west. Rotary (Harry Krusz), center of 9th east to center of 11th. Sertoma (John Clapron), center of 11th east to center of 13th.

Cosmospolitan (Paul Feaster), center of 13th east to center of 14th. Exchange (Gerry Rosenberger), center of 14th east to center of 16th. Kiwanis (Bob Mallory), center of 16th east to center of 47th, north to Holdrege and south to Calvert.

The drive will begin April 9 with a kick-off breakfast for some 250 workers. The whirlwind effort will be concluded the following day, April 10, with workers to check in that afternoon and evening.

NSAA Announces Tourney Pairings

By RON GIBSON
Star Sports Staff Writer

Boys Town, just two steps away from a second consecutive state high school basketball championship, will open its title defense against Omaha Benson Friday afternoon in the first Class AA game of the Nebraska School Activities Association State Tournament.

This is the 47th annual tourney. Action in the 2½-day, six-class carnival begins Thursday evening when the Class B and E divisions open in the University of Nebraska Coliseum.

Pairings for the tournament were made by the NSAA Sunday, and the AA lineup precludes the possibility of an all-Omaha final.

Hastings and Grand Island are paired in the other first-round game. The winners play in the finals Saturday at 8:30.

Unless the crazy-quilt pattern of upsets which prevailed in the district tournaments continues, Boys Town should breeze into the finals.

Boys Town clipped this same Benson team 61-35 on March 2. Benson then upset Fremont and beat Omaha North in the North Omaha Class AA regional to gain a state tourney berth.

In Class A Omaha Holy Name starts its third straight State Tourney bid against Ogallala Friday noon and Lexington meets Columbus at 7 p.m. Friday.

The Class B field lines up with University High playing Madison in the tourney opener Thursday at 7 and Chadron playing Geneva in the 8:30 Thursday game.

Geneva, the defending Class C champ, will be attempting the rare feat of climbing one notch in classification and winning again.

All games in Classes AA, A and B are slated for the Coliseum varsity court. Finals in Classes C, D and E are also on the varsity court, and first-round games in C, D and E are ticketed for the freshman court.

Class C pairings pit Oakland against once-beaten Alma at 7 p.m. Friday, and Waverly against Arnold at 8:30 Friday.

In Class D Verdon plays Utica, the tournament's only undefeated team, at noon Friday and Elwood meets Center at 1:30 Friday.

The first-round lineup in Class E is Phillips against Weston at 7 p.m. Thursday and Byron against Cody at 8:30 Thursday.

CLASS AA

Boys Town vs. Omaha Benson, 1:30 p.m. Friday. Hastings vs. Grand Island, 8:30 p.m. Friday; Finals at 8:30 p.m. Saturday.
All games are on the varsity court.

CLASS A

Ogallala vs. Omaha Holy Name, noon Friday; Lexington vs. Columbus, 7 p.m. Friday; Finals at 7 p.m. Saturday
All games are on the varsity court.

CLASS B

University High vs. Madison, 7 p.m. Thursday; Chadron vs. Geneva, 8:30 p.m. Thursday; Finals at 2:30 p.m. Saturday.
All games are on the varsity court.

CLASS C

Oakland vs. Alma, 7 p.m. Friday; Waverly vs. Arnold, 8:30 p.m. Friday; Finals at 1 p.m. Saturday.
First two games are on the freshman court; finals are on the varsity court.

CLASS D

Verdon vs. Utica, noon Friday; Elwood vs. Center, 1:30 p.m. Friday; Finals at 11:30 a.m. Saturday.
First two games are on the freshman court; finals are on the varsity court.

CLASS E

Phillips vs. Weston, 7 p.m. Thursday; Byron vs. Cody, 8:30 p.m. Thursday; Finals at 10 a.m. Saturday.
First two games are on the freshman court; Finals are on the varsity court.

Dick Stuart is getting some publicity while he's training with the Pittsburgh Pirates this spring, but the big home run hitter isn't likely to stick in the National League.

We're indebted to Sec Taylor of the Des Moines Register and a veteran of the spring training trail, for this yarn on Stuart.

Under the title, "Stuart Brash as Ever." Sec pens:

Stuart

"I was talking with Pittsburgh first baseman Dale Long who had a phenomenal streak of home run hitting last season, when Dick Stuart, another long-ball clouter, interrupted."

Gabby Dick sent Long packing and recounted how he predicted and made good on a home run promise in Des Moines last summer.

"Yea," Stuart said, no doubt with great modesty, "I told Tony Cordaro (DM scribe) I'd get a home run the next night to take the lead (from Topeka's Al Weygandt) and I did, too."

Sec reports Dick is confident he'll stick with the Pirates, but he adds a personal observation: "A great many others will be surprised if he makes the grade."

Stuart spent the winter in Culver City, Cal., but he didn't lend his talents to the silver screen during the off-season.

He told Taylor, "Although I belong to the union I didn't do any work in the movies this past winter.

"They don't pay extras much so I got a job as a recreation instructor. I was outdoors a lot and also did some work in the gym to get in shape for spring training.

"This is a big opportunity for me and I expect to stick here with the Pirates.

"I thought I was in good condition, but, my, how sore my legs are."

To wind up the interview, Dick tossed in one of the dandy quotes he's noted for: "Running in this sand down here must be like running in snow, although I wouldn't know about snow, since we have none in Los Angeles."

Afterthought: Wonder what Dale Long would have said—if he had gotten the chance?

The Stuart case is a strange one. Here's one of the all-time greats in home run production and he's not getting the red-carpet treatment you'd expect from Pittsburgh if he were being counted on to lift the Bucs from oblivion.

It's obviously only a matter of time before Stuart will get his train fare to Hollywood.

Pirate Manager Bobby Bragan has been mum about Dick, suggesting only that "it's too bad such a powerful boy can't field."

Maybe I'm reading between the lines, but it would seem Pittsburgh would be staging a great campaign to boost the guy if there was any chance he could play in the NL.

Standard procedure in baseball promotion business is to ballyhoo the comer's talent and hush-up his faults. In the case of Stuart, the Pirates aren't saying much of anything.

Just about the only press releases on him are coming via word of mouth—his.

All of which means that the situation hasn't changed much since last fall. It was per se then that Dick could swing timber with the best of them and if he connected the ball was gone.

If he missed he fanned and his contribution to the team defensively was almost unnoticeable.

It's a great pity when a boy like Dick, with tremendous natural power, hasn't put forth the effort to become a great athlete.

If he would have worked a little harder in the past, he wouldn't have to work so hard on public relations now. Pittsburgh's PR staff would be grinding out the copy for him.

10th-Inning Single Gives Giants Win Over Indians

PHOENIX, Ariz. (AP) — Gail Harris' single with the bases loaded and two out in the bottom of the 10th inning gave the New York Giants a 9-8 victory over the Cleveland Indians Sunday.

It was the fifth RBI for Harris and his third hit. The Giant first baseman drove in one run in the second inning with a single and then homered with two on in the fifth.

The Giants appeared to have the game sewed up with an 8-2 lead coming into the ninth, but the Indians scored six times to tie up the game and send the action into overtime.

There was one other homer besides Harris' clout, outfielder Rocky Colavito connecting for the Indians with none on in the sixth.

The Giants out-hit the Indians, 11-10, but Tribe shortstop Larry Raines was high individual with four hits in five tries, getting getting three singles and a double.

Home Runs Pep Braves' Victory

MIAMI, Fla. (AP) — Wes Covington, Hank Aaron and Ed Mathews socked starter Sal Maglie for home runs as the Braves evened the score with the Dodgers, 7-4, Sunday A crowd of 10,600 saw the game.

Maglie, who tried to go four innings first time out and was knocked out in that frame, was charged with all Milwaukee runs, one unearned.

Johnny Podres, facing major league opposition for the first time since he pitched the Dodgers to the 1955 world's championship, relieved and allowed two hits in three innings. Clem Labine hurled two wild but hitless frames and Ralph "Comeback" Branca allowed one hit in the ninth.

Orioles Win, 6-0

SCOTTSDALE, Ariz. (AP) — The Baltimore Orioles today found the necessary but long-missing hitting power to blank the Chicago Cubs 6-0 in an exhibition baseball game.

Oriole pitchers Don Ferrarese, Bill O'Dell and Mike Fornieles combined to twirl a two-hit shutout. Rookies Brooks Robinson, Al Pilarcik and Ronnie Hansen each swatted a two-bagger and single. Lenny Green also whacked a double to pace the 11-hit Baltimore attack against the Cubs.

Spaniard Sets New Javelin Record

SAN JUAN, Puerto Rico (AP) — Miguel de la Quadra of Spain Sunday tossed the javelin 292 feet, 7 inches to better the recognized world record by more than 18 feet.

The recognized mark is 274-5½ held by Janusz Sidlo of Poland.

SHANTZ BLANKS CARDS IN 3 INNING STINT

ST. PETERSBURG, (AP) — Little Bobby Shantz pitched three scoreless innings in his debut with the New York Yankees Sunday as the world champions whipped the St. Louis Cardinals, 9-6.

The 31-year-old lefthander, obtained from Kansas City in a multi-player deal last month, gave up only two singles, fanned two and walked one batter. He threw hard, without any pain in the arm and shoulder areas. Chronic ailments had made him a losing pitcher since he won 24 games with the Philadelphia Athletics in 1952.

Shantz worked the middle three innings after rookie righthander Mark Freeman had been flogged for four runs, including homers by Del Ennis and Stan Musial in the first three. Jim Depalo, third New York hurler, gave up a circuit to Bobby DelGreco in the eighth.

Dick Stuart Hits Homer As Pirates Tip Phillies

FT. MYERS, Fla. (AP) — Dick Stuart hit a home run and Hank Foiles collected four hits and scored twice Sunday as the Pittsburgh Pirates defeated the Philadelphia Phillies 7-4 in an exhibition game.

Stuart is the Lincoln, Neb., home run king who poled 66 out of the park in the Class A Western League last year.

The Phillies gave the Pirates a ninth inning scare with a two-run rally that resulted from three hits and a walk. Luis Arroyo, who followed starting pitcher Bob Friend, got credit for the victory.

It was the Pirates second consecutive victory over Philadelphia. Stuart's homer came in the eighth with none on. Bill Mazeroski got three hits and scored another run for the Pirates.

A's Clobber Rookie; Tip Tigers, 13-4

LAKELAND, Fla., (AP) — the Kansas City Athletics jumped on rookie southpaw Hal Woodeshick for eight runs in the fourth inning Sunday, sweeping to a 13-4 victory over the Detroit Tigers.

Detroit jumped off to a 4-0 lead, getting three in the first inning off Arnold Portocarrero on a double by Jack Dittmer, a single by Charlie Maxwell and a home run by Al Kaline.

The Athletics blasted four straight hits off Woodeshick, including two for extra bases, in the fourth. He gave up four more before another rookie, Church Daniel, took over.

Vic Power and Jim Pisoni hit home runs, each with a man on base. Pisoni also singled in the inning, Curt Roberts tripled and singled and Gus Zernial had a double and a single as the Athletics sent 13 men to bat.

Chisox Triumph

TAMPA, Fla. (AP)— Chicago's White Sox punched three runs across in the seventh inning Sunday to defeat Cincinnati's Redlegs, 6-4, in the teams' second exhibition game.

Jim Landis led the Sox assault with four straight hits, one of them a two-run double in the seventh. He also scored the first Chicago run after tripling off the rightfield fence in the sixth.

Outfielder Wally Post accounted for three of the seven Redlegs hits, belting two homers over the leftfield fence. But with a chance to tie the score in the ninth, he flied out to centerfielder Larry Doby.

Rookie righthander Don Rudolph took the victory, giving up two runs and three hits during the three innings he pitched. Vincente Amor, Cuban righthander, sustained the loss.

Tutors Only Capital City Quintet In Tournament

First Time In Years That NE, Links Fail

By BOB McCOY
Star Sports Staff Writer

With one more week of district tournament action in the record books and only the state cage carnival at the University of Nebraska Coliseum left, only one Capitol City school is still in action.

University High survived a Class B playoff with Valley last week and earned a spot in the production.

But it was a rough week for the Class A and AA schools around the city as Lincoln Northeast, Lincoln High and Lincoln Southeast fell by the wayside in district action.

Northeast came the closest of the three in getting a ticket to the big show but fell in the last 10 seconds to Grand Island in the finals of the Class AA district meet at the PSA Building.

The Islanders had earlier eliminated Lincoln High in a first round game and ended the Links season.

The Grand Island victory in the tourney and berth in the state AA meet meant the first time in many years that either Lincoln High or Northeast has failed to qualify for the big show.

Since the Nebraska Schools Activities Association changed the number of classes from four to six back in 1954-55, the Links and Rockets have each had one tourney team. Before that, when it was possible for the district champ and runnerup to come to the state meet, Lincoln frequently had two schools in the running.

Southeast lost out in the first round of the A district tourney at York after leading eventual champ Lexington through the first half. The loss ended a five game winning streak for the Knights and left their season mark at 7-10.

Northeast's final record was 12-6 and Lincoln High finished with an 8-7 slate.

University High enters its final week of play Thursday night against Madison in the first game of the Class B state tourney.

Uni has a 16-4 mark for the season and will be hoping to up it to 18-4 with a state championship.

And the Tutor hopes for a title have been strengthened by the return of starting center J. V. Olson. Olson has been out of action the past week with the measles but is expected to return to school today and be available for either first-line or spot duty in the state meet.

Northeast's Jan Wall closed the season with a flourish as he tallied 58 points in the two district games last week to finish with 401 points and a 22.3 per game average.

Uni's Marv Bauer still has a chance for 400 seasonal points but needs 60 in the state tourney to top Wall's final total.

Aside from the basketball scene, Northeast captured the state gymnastics title over the weekend while Lincoln High finished second and Southeast was sixth.

'Husker Loop Organizes For 1957 Season

YORK—The Cornhusker Baseball League held its organizational meeting for the 1957 season here Sunday afternoon and elected officers for this year.

Officers named include H. C. Duncan of York, president; C. H. Toms of York, vice president; L. R. Vavrina of York, secretary and Ross Spence of Stromsburg, umpire in chief.

The league will be comprised of eight teams this season including Crete, Geneva, Sutton, York, Utica, Stromsburg, Genoa and Columbus.

Regular league games will be played on Sunday nights only while makeups will be played on Wednesday and Thursday nights. The schedule calls for the season to begin May 19 and end Aug. 18. Columbus was awarded the all-star game on July 10.

Kasparek Resigns As Exeter Coach

EXETER—Ken Kasparek has resigned as head football and track coach at Exeter High.

Kasparek, a graduate of Doane College, has coached four years. His eight-man football teams won the mythical state championship in 1955 and 1956.

In three years at Exeter his football teams have won 24 games and lost one. In one year at Nelson he had a 6-2-1 record.

In track, Exeter has won the Trailways Conference championship three years in a row.

Jim Haberlan Tallies First Hole-In-One At Pioneers

Golfers who are planning on waiting a few more weeks and then going to the links and turning in the first hole-in-one, take note! You're beat before you've started.

For the warm weather which hit Lincoln Sunday brought Jim Haberlan out of hibernation and to the links and he fired the "once in a lifetime shot" to become the first Capital City golfer to turn the trick this young year.

Haberlan's bulls eye came on the 150-yard, par three number 7 hole at Pioneers in only his second trip to the links this season. The hole-in-one was Haberlan's first and the first one he has ever seen.

Over 400 Capital City golfers took advantage of the weather and got in at least few rounds of limbering up exercises Sunday.

Around the links:

PIONEERS

Aside from Haberlan's abovementioned hole-in-one few scores were turned in as 115 golfers toured the Pioneers course.

Among the top scores in nine-hole play was a 35 by Carl Ruby.

PARK VALLEY

Jim Burke turned in the only score of the day as about 70 linksmen loosened up their stiffened muscles at Park Valley Sunday. Burke had a 37 going out and shot a 31 on the back nine to finish with a 68 in the only score turned in.

LINCOLN COUNTRY CLUB

University of Nebraska athletic dignitaries getting their last chance to take off excess poundage for Tuesday night's Clumsy Colonels vs. Corny Coaches benefit basketball game were among 80 golfers who visited the Lincoln Country Club Sunday.

Head football coach Bill Jennings, athletic director Bill Orwig and athletics publicity director John Bentley were among the group. Orwig fired a 38 on nine holes.

Among the other top scores was a 36 by H. E. Van Burg and a 75 by Charlie Boswell. Charles Kinsey had three birdies on three holes.

HILLCREST

Maybe no one has seen any robins to date, but their were plenty of birdies around as approximately 150 golfers got in practice rounds at Hillcrest Country Club.

For instance, eight golfers turned in a total of 22 birdies which is unusually good for the rough condition of the course.

Among the top scorers were: Stan Stroh, 71; Whitie Reed, 71; Gene Chadwell, 72; Emil Frank, 73; Dude Wisbey, 74; Ed Dosek, 76; Dr. Tom Dworak, 76 and John Herrod, 76.

Howard Lynch fired a par 36 on the back nine to finish with a 77.

FATHER, SON WIN $42,000 FOR $2 RACE TRACK BET

AGUA CALIENTE, Mexico (AP)—A father and son won $42,786.20 between them from the Caliente horse race track Sunday on their bets of $2 each.

The father collected the major share, $40,841.40, by picking all six winners in the fifth through 10th races.

He is Albert Workman Sr., 45, a Los Angeles meat packer.

The son, Albert Jr., 20, a Pasadena, Calif., bank employe, picked five of six winners. He shared second best with six others in collecting $1,944.80 from the 5-10 pool. The pool total of $60,506 was a record, bettering last Sunday's mark of $60,128.

The senior Workman's big winning was the largest since George Hall, retired prospector, won $46,287 last Dec. 23.

Upset Boosted Benson To Spot In Cage Carnival

Coach—Scotty Orcutt. Nickname—Bunnies. Record—4-14. Class AA record—3-11.

One big upset put Benson's oft-beaten Bunnies in the limelight and now they are in the big show for the first time since 1954. That year a strong Benson team lost to Hastings in the finals.

Benson, a strong tournament team in past years, wasn't conceded much of a chance this year but shocked the state with a 53-40 upset of Fremont in the first round of the North Omaha district tournament.

Fremont had won 14 straight, including a 51-32 decision over Benson, but fell by the wayside against the Bunnies. Benson clipped Omaha North 51-47 Saturday night to win this tourney of surprises after North had upset Omaha Central in the first round.

Benson bases its hopes on Jim Daley, a name familiar to State Tourney followers.

Daley, a transfer student, played on the Omaha Holy Name team which pushed Class A champion Falls City into overtime in last year's State Tourney. His brother Bob was a star on an earlier Holy Name tourney team.

Daley played in the first four Benson games following his transfer last fall. Benson had to forfeit those games (including two victories) because Daley wasn't eligible until the second semester.

Benson's last regular-season out resulted in a 35-61 defeat by Boys Town. The Benson record:

Grand Island

Coach—E. C. (Bert) Alfrey. Nickname—Islanders. Record — 10-6. Class AA record—5-5.

Alfrey got his much-improved Islanders into the State Tournament with a pair of comeback victories in the Lincoln regional.

The Islanders trailed at halftime against Lincoln High and Lincoln Northeast but in each game rallied to win. Both victories were in the nature of revenge—GI lost to Lincoln 53-48 and to Northeast 64-41 in regular-season play.

Alfrey used bench strength to good advantage in the Lincoln tournament and got some hot shooting from his guards. Dick Knuth, a good all-around player, and longe-range shooters Ron Seymour and Charles Sheffield are standouts.

Grand Island split in two meetings with Hastings, the only tourney entry the Islanders have played. The record:

Hastings

Coach—Earl Applebee. Nickname—Tigers. Record—12-6. Class AA record—6-5.

This is Hasting's first State Tourney visit since 1954, the year the Tigers won the Class A championship in the last tournament under the now-defunct four-class plan.

Hastings was rated in a tenth-place tie with Grand Island prior to the district tournament but bumped off North Platte (8th) and Scottsbluff (9th) in close games to reach the tournament.

Hastings was a strong contender in the early running but lost ground later by splitting with Columbus and Grand Island, and getting whacked by Fremont. Applebee's teams are usually tourney-tough and polished, so Hastings looks like a definite contender.

Dick Becher and Dave Weingart have been two of the standouts on the Hastings team.

Hastings has twice met Grand Island, another tourney team, and split. Hastings won 63-56 in the first meeting and lost 44-57 the second time out. The record:

57	York	37	66	Fairbury	41
56	Fremont	47	38	Fremont	59

x—District tournament games.

Boys Town

Coach—Maurice L. (Skip) Palrang. Nickname—Cowboys. Record—13-5. Class AA Record—6-4.

Boys Town is already being touted as a strong favorite to win the championship and become the first repeat titlist since the Northeast 1949 and 1950 crews.

Palrang's Cowboys won the 1956 championship using a run-run-run full-court press defense and they have used the same tactics to make a strong late-season drive this year.

Boys Town has won five straight games including two in the tough South Omaha district tourney. The Cowpokes have won 12 of their last 13 games after losing four out of five at the start of the season.

There is no single standout on the team. Milton Juan, who holds the State Tourney single-game field goal record (13 against Scottsbluff), is the only returning regular from the 1956 club.

Juan and James Gordon are the top shooters but it is the press defense which wears down most teams.

Boys Town has played only one of the four teams in the Class AA tournament. The Cowboys walloped Benson 61-35 March 2. The Boys Town record:

97	Scottsbluff	40	84	Abe Lynx	57
45	Scottsbluff	46	62	O. Holy Name	40

Utica

Coach—Jack Woods. Nickname—Tigers. Record—23-0.

Utica comes into the tournament with the only perfect record in the state.

Jack Woods, former Northeast High and Nebraska Wesleyan star, took up where his ex-Wesleyan teammate Lyle Buell left off. Last year Buell got his team to the playoff finals before losing a game.

Verdon

Coach—John Penney. Nickname—Bulldogs. Record—16-1.

Verdon played a short schedule and compiled a fair record but still needed some upsets to reach the State Tourney.

The Richardson County Big Eight champs lost only to Stella in a big upset but later avenged that loss twice. Verdon also beat a good Johnson team twice.

Center

Coach—Robert Pease. Record—28-1.

Center, one of the top-ranking Class D teams in the state, avoided the upset epidemic which took out several good clubs.

Coach Pease's team ran up an 18-game win streak early before losing to Verdigre 45-44 in the Niobrara Valley Tournament.

Since that loss Center has won ten games in a row including three in its own district tourney and two in the Plainview playoff. Center ousted a good Uehling team 59-53 in the finals at Plainview.

The Knox County champs scored 80 or more points in seven different games during the season. The record:

Elwood

Coach—Jerry Meyers. Nickname—Pirates. Record—14-8.

Coach Meyers, in his first year at the helm, steered the Pirates to the big show after a stormy season which included nine victories and eight losses.

Playing in the tough Republican Conference, Elwood was forced to play away from home because its own court is a 25-by-50 affair. This may have helped the team in tournament play.

Navy Working Toward 'Mass-Produced' A-Subs

By ELTON C. FAY

WASHINGTON (AP)—The Navy is heading its nuclear submarine program toward a broadscale production basis, aiming at an eventual rate of a half dozen launchings per year.

Figures made available by the Navy Sunday show that at least three atomic powered submersibles are scheduled for completion next year. By 1960, double that number may be produced as boats just beginning to be ordered and others which congress has approved for building come into delivery.

Two A-subs are now in operation—the pioneer Nautilus, which steamed more than 60,000 miles on its first charge of uranium fuel, and the Seawolf, which may go back into the yard for a new type of heat transfer system. Its present experimental type proved unsatisfactory.

The Navy records show estimated completion dates at various times during 1958 of three atomic submarines: The Skate, Swordfish and Sargo.

'Skate' Before '58'

Some officials believe the Skate may be completed even before 1958, perhaps late this fall. That boat, like the first two atomic submarines, is being built at the Electric Boat Division of General Dynamics Corp., Groton, Conn.

In expanding and broadening its atomic submarine construction base, the Navy is contracting with additional firms and navy yards. Other yards building or preparing to build the submarines are the Portsmouth, N.H., and Mare Island, Calif., Navy yards, and the private yards of the Ingalls Shipbuilding Corp. and the Newport News Shipbuilding & Dry Dock Co. Still another order will go to a Navy shipyard shortly, bringing the total of boats under construction to 13.

Counting the two completed and others for which construction has been approved but no contracts let, the overall number of American atomic submarines built, building or authorized is 20. Requests have been made to Congress for six more and still other requests are expected.

The navy has estimated the Nautilus cost $67,221,000 and the Seawolf $62,971,000. However, Rear Adm. Albert G. Mumma, chief of the bureau of ships, told reporters last December that he expected the costs for a standard design nuclear submarine may be "considerably less than 60 million dollars." He explained this estimate was for the standard design hull of the 1,900-ton Albacore class and would not include special designs such as the projected missile-firing, nuclear-powered submarine.

No Russ A-Subs

So far, there have been no reports of a Soviet nuclear submarine or surface ship.

However, in total undersea strength, the Russian navy appears numerically far ahead of the United States. Estimates of Russian submarine strength are now about 450, including, of course, some comparatively old, outmoded types and small coastal craft.

Against this, the U.S. Navy is presumed to have about 140 submarines in operation, plus a large number of decommissioned but still useful craft.

For the first time, the U.S. Navy has no conventional diesel-electric powered submersibles in its program of ships on order, although construction of eight previously ordered is being completed.

The setup in the nuclear submarine program is made possible by a fairly definite standardization of hull designs and power plants.

Tear-Drop Sub

For conventional attack-type hulls, the Navy now favors the new Albacore design—a more roundish, tear-drop shape, than either the World War II fleet submarines or the first atomic designs.

At the outset of the A-sub program, the Navy and Atomic Energy Commission—with Rear Adm. H. G. Rickover pioneering much of the work—decided to experiment with two different systems for transferring heat energy from an atomic reactor to the steam turbine.

The Westinghouse Electric Corp. was assigned the job of building a system using ordinary water power under pressure, to convey the heat energy from the nuclear core to the turbine without at the same time transferring dangerous radioactivity. This system was used in the Nautilus.

The General Electric Co. was put to work building a system using liquid metal—in this instance sodium—as the heat exchange medium.

This was installed in the Seawolf. Although the sodium has proved highly efficient as a heat exchanger, chemical reaction produced cracks in piping of the high pressure system. General Electric now is developing a new, advanced type of reactor for submarine propulsion.

BLIND AMERICAN WOMAN USES CLOCK TO LEARN HOW TO SKI

PARIS (AP)—Guided by her seeing eye dog "Duchess," totally blind Mrs. Thelma L. Keitlen, 35, arrived in Paris Sunday from Switzerland, where she learned to ski with the aid of an alarm clock.

"I loved every minute of it and am going right back for more skiing as soon as I've 'seen' the museums and galleries here that I've dreamed of all my life," she told reporters as she landed from Geneva. The French tourist office has assigned her a special guide.

Mrs. Keitlen is a housewife from Springfield, Mass., and mother of a 12-year-old daughter. Stricken blind in 1955, she went to a special clinic in Los Angeles, Calif., where she was taught how to get along in the "night world"—the world of the blind.

She continued swimming, horseback riding and even played golf on the courses she had known before her ailment. But skiing was the biggest challenge.

Mrs. Keitlen went to the Swiss Alps to learn. There a special instructor, carrying an alarm clock with a very loud tick would precede her down the Alpine slopes. By following the tick of the clock she was able to navigate.

Persons arriving from Switzerland with her said results were excellent. After a brief cultural tour here — with concerts enjoying a high priority—she plans to return to the mountains.

"Blindness," she told reporters, "may be inconvenient, like many other things, but it is not incapacitating."

Graveside Service To Be Held For Mrs. McDonald

Graveside services for Mrs. Margery McDonald, 57, of 1817 So. 27th, will be at 2 p.m. Monday at Lincoln Memorial Park, the Rev. Ellis Butler officiating.

Mrs. McDonald, who died Saturday, was born in Pawnee City and came to Lincoln in 1922. She had been an employe of the Lincoln Oil Co.

A member of Second Presbyterian Church here, she was active in women's work in the church and also a member of the DAR chapter at Chadron and Order of Easter Star 148 in Lincoln.

Surviving are her husband, Charles; daughters, Mrs. Janet Lesoing and Mrs. Marilyn Metzger, both of Lincoln; parents, Mr. and Mrs. W. G. North of Pawnee City; brothers, John and Wayne, both of Pawnee City, Everett of Brookfield, Mo., Gilbert of Beloit, Kan., Richard of Denver and Edward of Delta, Colo.; sisters, Mrs. Jessie Loch of Summerfield, Kan., Mrs. Hilda Caswell of Pawnee City, Mrs. Dorothy Rucas of Wichita, Kan., and three grandchildren.

Indiana Vote Cheers Right-To-Work Advocates

WASHINGTON (AP) — Advocates of state right-to-work laws, cheered by a new one in Indiana, expressed hope Sunday for two more before the 1957 state legislative season has ended.

Indiana is the first major industrial state to pass such a law—prohibiting labor (union shop) contracts which make it necessary for a worker to belong to a union to hold a job.

"We are very encouraged," said W. T. Harrison, executive secretary of the National Right-To-Work Committee. "We hope to get about two more states for a total of three this year."

Labor unions are busy, too, seeking to block new laws and to repeal those already on the books in such states as Iowa, Nebraska, North and South Dakota, Utah and Tennessee. The right-to-work issue is a hot one in many current legislative sessions.

(Nebraska's "right to work" bill is presently being held in committee for further study. A lengthy hearing was held last Wednesday before the committee.)

The Indiana enactment, which became law without the signature of Republican Gov. Harold Handley, brought to 18 the number of states now having such laws. Handley was quoted as saying he opposed the law because he said it imposed a governmental restriction on bargaining freedom, but would neither sign nor veto it.

Louisiana repealed a general right-to-work law in 1956, but in its place enacted a new law applying the ban against compelled union membership to workers in agriculture and certain agricultural processing operations only.

Now 19 States

If the Louisiana law is counted, the number of states now having right-to-work laws is 19, a record total since Florida enacted the first such law by constitutional amendment in 1944.

The right of states to enact such laws has been upheld by the Supreme Court. Under the Taft-Hartley federal labor law, the union shop is legal except in states prohibiting it. Under a union shop agreement, an employer promises that all his workers must belong to a union within a certain time after being hired.

Other than Indiana, the right-to-work states are predominantly agricultural and are located in the South and West. In addition to those already mentioned, they are Alabama, Arizona, Arkansas, Georgia, Mississippi, Nevada, North and South Carolina, Texas and Virginia.

Two Sides To Dispute

There are two sides to arguments about right-to-work laws. One, shared by many employers, is that it is morally wrong to require workers to belong to unions to get and hold a job, and that such provisions only serve to perpetuate a union's bargaining powers.

The unions argue, on the other hand, the right-to-work laws are really "right-to-wreck" laws directed against them, guaranteeing nobody any work. Their views is that workers benefiting from unions should be taxed in dues for their share of the costs.

Some union leaders say privately they are concerned that the current Senate Committee rackets disclosures, involving union practices, may result in a wave of national and state legislation—including new right-to-work laws — directed against labor organizations.

Most of the 45 state legislatures meeting this year, however, probably will have adjourned before the Senate probe gets very far along.

States in which active moves have already been made this year to enact new right-to-work laws include Connecticut, Delaware, Idaho, and Maryland. Losing efforts were made in Wyoming and Colorado. Other right-to-work drives are forecast this spring in Illinois, California and Kansas.

Second Mayflower Voyage Runs Into Major 'Squall'

SOUTHAMPTON, England (AP) — The second Mayflower voyage has set off a major squall in this south coast port from which the Pilgrim fathers set sail in 1620.

The Mayflower II is not going to call at Southampton before leaving for the new world next month.

Outraged city fathers of Southampton say they have been "stabbed in the back."

The Mayflower II, an approximation of the original made with 17th century tools and manned by 20 seamen in period costume, is to sail from Plymouth, England, to Plymouth, Mass., around April 19.

It is to be handed over as a gift to the American people from Britain around next Thanksgiving.

According to plans at the beginning of the goodwill venture, the Mayflower II was to call at Southampton after being built at Brixham and to take aboard a treasure chest of articles made by Southampton children.

Southampton officials laid aside 1,200 pounds ($3,460) for a reception for the crew and other celebrations.

Now organizers of the project—a board headed by Lord Mayor Collum Welch of London—say there is no time for the Southampton call.

Construction fell behind schedule and the Mayflower II skipper, Australian Alan Villiers, says he will have to head straight out from Plymouth if he is to keep his schedule on the other side of the Atlantic.

Rock 'N Roll In PJs 'Horrifies' Red Paper

MOSCOW (AP) — The Communist youth newspaper reported in horrified tones that British young people have taken up the abandoned practice of dancing rock 'n' roll in pajamas.

The paper, Komsomol Pravda, even printed a picture of a couple doing just that. It used these words to describe one party, which it said took place in London's Soho district:

"To the deafening howling of jazz, half-naked dandies and their ladies convulsively wiggled in the ecstasy of the new fashionable American dance—rock 'n' roll."

TOT GETS IN DRYER, DIES OF INJURIES

HOUSTON, Tex. (AP) — An automatic clothes dryer killed a 3½-year-old boy Sunday after he climbed into it and the device started.

David Dundas, son of Mr. and Mrs. Robert W. Dundas Jr., was dead on arrival at a hospital.

Deputy Coroner Howard Gossage said the boy had third degree burns over his entire body, his left leg was broken and he had severe cuts and bruises about the head and body.

The boy's father was in the house when he heard a thumping sound "as soon as I heard that sound I knew what it was," he told police.

Police said the dryer door and controls are on the front of the machine. The boy must have turned the control knob, and then climbed in and closed the door behind him.

The whirling of the cylinder in the dryer must have knocked the boy unconscious almost immediately, police said.

American Reds Provide Expulsion For Those Spying

NEW YORK (AP)—The American Communist Party's new constitution provides for expulsion of any member who engages in spying or who advocates force, violence or terrorism.

The constitution, adopted at the party's convention here last month, was made public Saturday night.

It also would expel strike-breakers, provacateurs, informers and any member who "conspires or acts to subvert, undermine, weaken or overthrow any institution of American democracy through which the majority of the American people can maintain their right to determine their destinies."

Number of leaders of the party, which claims about 20,000 members, have been convicted of conspiring to teach and advocate violent overthrow of the U.S. government.

Patrolman Arrests Omaha Youths In Third Stolen Car

Lincoln Star Special

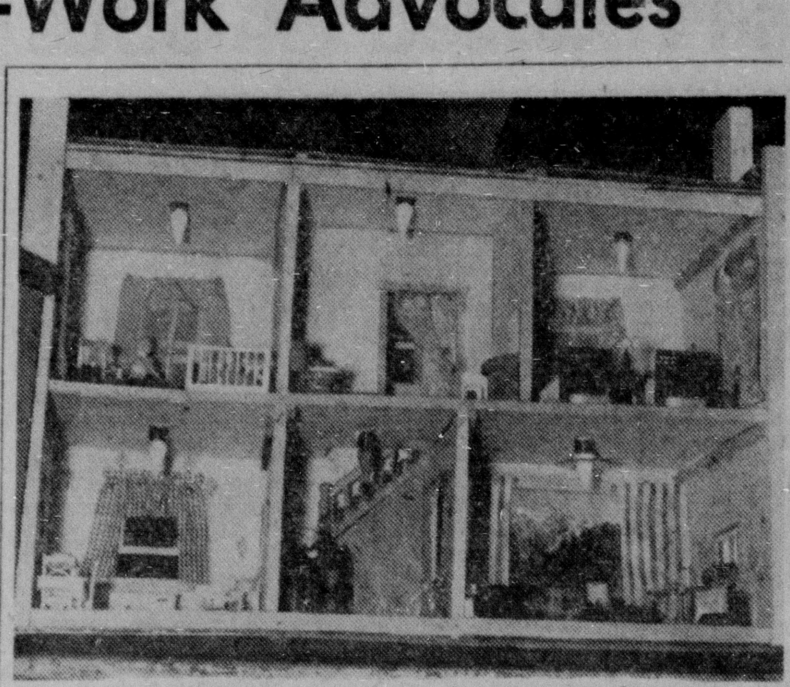
BLAIR, Neb. — Two Omaha youths, 16 and 14, are being held in the Washington County jail after a car-stealing spree.

The boys were apprehended by State Trooper Ralph H. Bauer at Nashville, about six miles north of Omaha, Sunday morning.

When captured the boys were driving a 1957 model car stolen in Sioux City, Ia.

Earlier they had taken a car in Omaha and driven it to Decatur, Neb., where they abandoned it and stole another, drove to Sioux City, abandoned the second car and stole the one they were driving when apprehended.

The boys will be turned over to the authority of the FBI, the State Patrol reported.



Good Enough To Be Santa's Helper

Youngsters visiting the James M. Young home at 6918 Aylesworth "oh" in delight at seeing a miniature home built by 76-year-old Young. The house has glass windows that open and close, and electric lights in each room. The house is built to a scale of one inch to one foot. The rooms are 10 by 12 inches except for the hall and living room. The ceiling is nine inches high. There is a double landing stairway with three quarter inch treads. Young has worked some 45 hours on the house since last December. He built it to entertain children who come to his home. His wife has taken an active part in the Campfire Girls and many of them stop to look at at the miniature home. **(Star Photo.)**

More Than 1,700 Youth Study 'Health' In 4-H

One of the H's in 4-H club work stands for health, which was studied by more than 1,700 Nebraska 4-H club members last year.

Judy Leadabrand, 17, a 4-H club member from Greenwood, reports she has gained the most from her health project because it made her more conscious of her family's health. Judy continued, "I believe health is the key to happiness and success in any field of 4-H and life."

Helen Becker, Extension rural health specialist at the University of Nebraska college of agriculture, says she agrees with Judy, and added that health has been placed at the top of the seven cardinal principles of education.

During National 4-H Club week, now in progress, 4-H club members all over the country take stock of their previous achievements, and plan future acitivites.

A look into 4-H health activites in Nebraska during the past year shows 78 health clubs in the state. Two new manuals were written by Miss Becker for club members to use as guides in their health projects.

One manual concerns family health, and the other is on personal health.

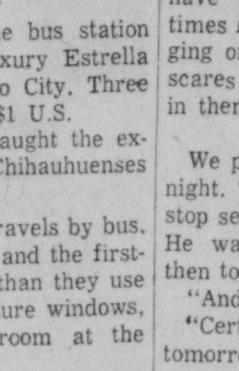
Club members taking the personal health project are expected to maintain a growth curve to give an accurate, reliable picture of present and future health and growth, and study and try to improve daily health habits in two of the following: food; cleanliness and posture; sleep, rest, work and play; teeth; eyes and ears; and personality.

Constant emphasis also is placed on the importance of physical and dental examinations, according to Miss Becker.

Four-H'ers taking the family health project are expected to maintain good personal health habits, continue charting their growth curve, maintain a family medical record, and make two or more improvements in their family' health habits or practices.

STANTON DELAPLANE
POSTCARD

"But nobody goes to Queretaro," said the Mexican tourist man. Mexicans worry about tourists. You are supposed to go to Cernavaca, Taxco and Acapulco. Not hustle around the tortilla country.



"Maximilian went to Queretaro."

"He got shot," said the tourist man. "How about the $57 all-expense tour to Acapulco?"

☆ ☆ ☆

I went down to the bus station and caught a big luxury Estrella de Oro bus to Mexico City. Three hours and less than $1 U.S.

At Mexico City I caught the express Transportes Chihauhuenses bound for El Paso.

Nearly all Mexico travels by bus. They are very cheap and the first-class jobs are better than they use in the States. Big picture windows, roomy, a little bathroom at the back.

Only a few years ago, Mexican bus riding was an adventure for the courageous. The driver put his faith in the St. Christopher medal screwed to the dash. And buses were hand-painted with flowery designs. With the hopeful legend on the back: "God protect us on the highway."

Today the buses are a business-like solid color. The company aids the Almighty by having the brakes checked regularly.

Buses stop at railroad tracks—in other days, the driver simply stepped on the gas, probably with the idea the sooner you got across, the less you have to worry about it.

They drive on their own side of the highway at a sober pace.

It is a good thing. For I have found in recent years that I have sprung a leak. Courage seems to have oozed out of me. Sometimes I see the old-time buses chugging on the high country roads. It scares me to think I used to ride in them.

☆ ☆ ☆

We pulled into Queretaro at midnight. There was a boy at the bus stop selling home-made enchiladas. He was all for taking me right then to an opal shop.

"And get the patron out of bed?"

"Certainly," said the boy. "By tomorrow morning the best opalos may be gone."

"Where will they go?"

"The tourists buy them. These are the best. Cheap."

"In Mexico City they said no tourists came to Queretaro."

"Muchas, muchas," said the enchilada boy. "They come by the millions."

☆ ☆ ☆

Queretaro is the stonecutters' town. The unspoiled Indians along the highway who offer you emeralds and aquamarines and saphires buy them from Queretaro. They are imitation.

But the town does have real opals—the deep orange, fire opals, the big striped cat's eyes, the milky blue opals. Occasionally some good black opals full of green fire like those of Australia.

They also cut a good Mexican topaz at very reasonable prices.

Queretaro lies on the Independence Route. It was here that Donna Josefa, the wife of the corregidor, overheard the Spanish planning to capture the patriot priest Hidalgo.

She rode from Queretaro to warn him. The Mexican version of Paul Revere.

At Queretaro, the Austrian Archduke Maximilian, Emperor of Mexico, surrendered his sword.

He was shot out at the Hill of Bells and there is a small chapel on the spot.

The Grand Hotel on the plaza is comfortable enough. A big hotel of cool, dark, interiors. Around a patio in the Mexican style.

And in the Mexican morning, I went down for the full breakfast which cost exactly five pesos complete. Maybe nobody goes to Queretao. But they should.

On the tourist route you pay six pesos just for the orange juice. The shot the wrong man out at the Hill of Bells. My candidate is the tour office gentlemen.

No. Dakota Solons End 35th Session

BISMARCK, N.D. (AP)—The North Dakota Legislature wound up its 35th biennial session Sunday night after authorizing the issuance of 9 million dollars in bonds to finance a Korean Veterans bonus.

The session, limited to 60 days, ended on the second day of overtime after agreement on three major money bills.

In all, the lawmakers appropriated about 100 million dollars for the next two years, including 16¾ million for North Dakota University and eight state colleges, 17½ million for public grade schools, 12 million for public welfare and 5½ million for government operations.

The legislature also adopted a resolution Sunday to submit to voters in 1958 a constitutional amendment on a one mill property tax to finance construction at the university and the colleges.

NU Fraternity Men Ask Ball Reinstatement

The Interfraternity Council at the University of Nebraska is asking for reinstatement of the annual IFC ball.

The traditional dance was suspended by the Committee on Student Affairs in 1955 because University officials "felt there was too much infringing of the University's drinking policies" at the dance, according to the Nebraskan, student newspaper.

The IFC would like to set up the dance as part of a "fraternity week end" in May, the Nebraskan said.

Only Week Left To File For City, School Offices

Just a little more than a week remains for candidates to file for office for the coming city elections.

The filing deadline is 5 p.m. Wednesday, March 20. There are still not enough filings for most offices to even fill the nomination openings and present a full ballot for the May general election.

Offices, openings and filings to date for the April 9 primary:

School Board, two six-year terms, Mrs. Dortha L. Hancock and Philip S. Hardy.

School Board, one four-year short term, Robert H. Ammon.

Mayor, two-year term, Bennett Martin and Pat Ash.

City Council, three four-year terms, Leo Bartunek, Chris Kuhner, Clyde K. Dean, W. H. (Bill) Davidson and Joseph E. Fenton.

Wyuka Cemetery Board of Trustees, one six-year term, no filings.

Also drawing near is the 5 p.m. deadline Friday, March 29, for registration for the coming election.

Only those who never have registered before or have changed their name or address since their last registration need to register again.

CHADRON STATE CONCERT SET FOR TUESDAY

The Chadron State College Band under the direction of R. David Missal will present its annual spring concert on Tuesday at 8 p.m. in the Memorial Hall Auditorium. The public is invited to attend and there will be no admission charge.

This year's concert has been designed to display "Band Music of Our Time." Featured this year will be the music from the television production, "Victory at Sea" by Richard Rodgers.

Also included in this year's concert will be the "Suite of Old American Dances" by Robert Russell Bennett; music from the motion picture production, "Prince Valiant" by Franz Waxman and "Tambo" by Francisco Cavez.

Dinner To Honor College Patrons

CRETE, Neb. — To honor the frinds of Doane College who shared in the Crete campaign for the college last November, Daone is playing host to a danner Tuesday night on the campus, Dr. C. C. Lillibridge, general chairman for the autumn Crete campaign has announced.

More than 300 people have been invited to the affair which will be held in the college dining hall.

The one-day drive was highly successful when $8,900 was raised on a goal of $6,700. The local Chamber of Commerce joined the College Trustees in conducting the Doane drive.

TEEN SPACE IS PLANNED IN VFW BUILDING

SYRACUSE, Neb. — Recreation space for teenagers will be included in the new Mid-County VFW headquarters when they are completed, post officials announced.

The ground floor is being remodeled by volunteers and will be open to youth activities two days a week, according to present plans. Later post officials will meet with various youth organizations to set up a more definite schedule.

Palmyra Baptist Church To Hold 85th Year Rites

PALMYRA, Neb.—Special anniversary services honoring the 85th year of the Baptist Church at Palmyra will be held at 2 p.m. Sunday.

Main speaker will be the Rev. Roy Jones of Holdrege, new director of town and country work for the Baptist Churches in Nebraska.

Other features of the program will be the reading of the history of the church by the clerk, Mrs. Verne Dowding and memoirs by long-time members.

The churches of the Capitol Baptist Association, former pastors and former members of the church are especially invited.

A social hour and the cutting of a large birthday cake will follow the formal program.

Adlai Appointed

NEW YORK (AP)—Adlai Stevenson accepted membership on the board of directors of the Field Foundation, an organization devoted to child welfare and intercultural and interracial relations. He takes over the post left vacant by the death last Nov. 8 of Marshall Field.

Noisy running toilets can waste over 1000 gallons of water a day. The efficient, patented Water Master tank ball instantly stops the flow of water after each flushing.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Tourist Agent Confesses—

Acapulco Murder Plot Victims' Bodies Sought

ACAPULCO, Mexico (AP)—Skindivers were called Sunday to aid in the search off Acapulco for the bodies of a holidaying New York attorney and a wealthy Brooklyn widow—victims of a cold-blooded murder-for robbery plot.

Federal Security Police announced the killers admitted beating their victims to death with a club and heavy chain, removing money and jewelry worth $70,000, then dumping their weighted bodies from a boat into the sea on the night of Feb. 20.

The jewelry has been recovered. It had been hidden in the garden of a home in Acapulco owned by a relative of one of the confessed slayers.

The victims were Joseph A. Michel, 70, a prominent New York attorney, and his friend, Mrs. Edith Hallock, 63, Brooklyn. They had been the objects of a wide search since they vanished from this Mexican west coast resort city.

Tourist Agent

The men who police say confessed are Luis Fenton, 33, a tourist agent, and Daniel Rios Osuna, 35, an unemployed waiter.

Fenton was described as a U.S. citizen who is in Mexico illegally. He is of Mexican parentage. Documents on his person disclosed he served a hitch in the U.S. Navy and was once employed by the Douglas Aircraft Corp.

Fenton and Rios were to be taken out into the bay to point out the spot where the bodies, weighted with rocks and the chains used in the slaying, were thrown overboard.

The head of the Mexican federal security police, announced the confessions of Fenton and Rios.

This is the story of the crime, as related in the confessions disclosed by the police official:

Fenton had made friends with the visiting New Yorkers. Mrs. Hallock, widow of a former Socony engineer, came to Acapulco recently to recover from an operation and Michel joined her.

Fenton learned that Mrs. Hallock had on her person jewelry worth in the neighborhood of $70,000.

On the night of the slaying Fenton invited Michel and Mrs. Hallock to a night club on nearby Roqueta Island.

Partner Offered $2,400

The tourist agent had bargained previously with Rios to help slay the New Yorkers, offering him 30,000 pesos ($2,400). He gave Osuna a 5,000 peso down payment.

Fenton rented the boat from his own relatives and secreted the chains and heavy rocks aboard.

About 10 p.m. Fenton went to the Las Hamacas Hotel, where the New Yorkers were staying, to pick them up. Rios was waiting in the boat.

Once out in the bay, Fenton and Rios uncovered the murder instruments, and struck their victims over the head. There was no outcry.

They removed money and jewelry, tied the rocks and chains to the bodies, went outside the bay area, and dumped the bodies into the Pacific.

Trygvie Lie Says U.N. Handling 'Fairly Well'

NEW YORK (AP)—Trygve Lie, former Secretary General of the United Nations, said of the United States and the U. N. in their handling of the Middle East crisis.

"They met the situation fairly well. You couldn't expect more." He did not elaborate.

Board To Hear Arguments On Dropping Trains

The State Railway Commission has set an April 1 hearing in Lincoln for oral arguments on a rehearing motion for the Chicago, Rock Island and Pacific Railroad Co.

The railroad wants to discontinue trains 25 and 26, operating between Omaha and the Nebraska-Kansas state line near Thompson, Neb.

The commission also:

Set an April 10 public hearing at Neligh for an application of the Northeast Nebraska Telephone Co., South Sioux City, for approval of contracts for purchase of properties of the Clearwater Telephone Co., Maskell Telephone Co., Ames Creek Telephone Co. and Beaver Valley Telephone Co. (The Northeast Nebraska Co. also seeks authority to discontinue extended area services between Clearwater and Neligh, Clearwater and Ewing and Clearwater and Elgin.)

Granted the Railway Express Agency authority to make effective on one day's notice a four per cent increase in all express rates and charges, with the exception of rates applying on milk, cream and related products, daily newspapers, human remains and rates on carload traffic.

Granted Omaha Public Power District authority to construct an electric transmission line in Dodge County.

Granted the city of Blair authority to construct an electric transmission line in Washington County.

Granted Highline Electric Assn., Holyoke, Colo., authority to construct an electric transmission line in Chase County.

Granted Northeast Rural Public Power District, Hay Springs, authority to construct an electric transmission line in Sheridan County.

New Thailand Chief JoinsFreedomCampaign

BANGKOK (AP)—Thailand's new commander-in-chief says this country cannot remain neutral in the present world situation and is, therefore, 'in the free, democratic camp."

Field Marshal Sarit Thanarat told a delegation of university students in response to their demands that Thailand maintain an independent foreign policy, "We definitely cannot have dealings with the opposite (Communist) camp."

Thanarat became commander-in-chief of the armed forces March 2, the day Premier P. Pibulsonggram celared a state of emergency to quell unrest stemming from the Feb. 26 elections.

Unemployment Drop Forecast

March is expected to mark the beginning of increased employment in the Lincoln area, according to the State Employment Service.

Warmer weather will bring a need for more construction workers and opening of the spring season also will increase the demand for workers in trade.

A renewal of highway and maintenance activity will expand governmental employment, while seasonal increases also are expected in transportation, communication and public utilities.

The employment decline this year had been the most drastic since 1950. Moderate emplyment losses in February followed a sharp drop in January.

Total unemployment in the area—Lancaster, Saline, Seward, Fillmore and York Counties—was estimated at 4,000 at the beginning of March.

That represents 6.8 per cent of the labor force and exceeds last month by more than 5 per cent and last year by one third.

Korean Pilot Defects To North In Protest

TOKYO (INS)—Peiping Radio reported that a South Korean pilot has defected to North Korea.

The report said 2nd Lt. Kim Chel Tsun of the 12th division, first army group, flew behind the Iron Curtain "in protest against the U. S.-Syngman Rhee efforts to start a new war."

Professor Discusses Two Oil Paintings As Representative Of 'Visionary Art'

By NANCY BENJAMIN
Star Staff Writer

Peter J. Worth, chairman of the University of Nebraska art department, discussed 'The Sphinx and the Manikin" at Sunday's art gallery talk during the Nebraska Art Association exhibit.

The professor said two oil paintings in the current exhibit—Leon Golub's "The Prince-Sphinx" and Jean Dubuffet's "Majordome"—are representative of "the visionary art."

He pointed to the Golub work as "a powerful image executed with lack of confidence by the artist" and the Dubuffet painting as 'a masterful painting of a horrifying image."

Tracing the changing meaning of the sphinx image, he commented that the painter exploited symbolic meanings in his work. Worth said the artist described his work as depicting "the animal as it gains consciousness of its destiny and fate." Worth said "artists as a whole are subject to be prone to reject the artistic mode in which they find themselves."

Describing the Dubuffet painting as an example of "primitivism," Worht said it was an attempt to represent what has happened to man in the many catastrophes he has suffered.

Talks By Visitors

Next Sunday two visiting art directors will conduct the 3:30 p.m. gallery talk at the Univeristy galleries and assist University officials in selection of purchases for addition to premanent gallery collections.

They are Edward Dwight, director of the Milwaukee Art Institute, and Denys Myers, director of the Philbrook Art Center, Tulsa, Okla.

The permanent collection selections will be announced Sunday, March 24.

Chadron Lions To Sponsor Program To Buy Eye-Tester

CHADRON, Neb. (AP)—The Chadron Lions Club has agreed to use proceeds from a stage presentation March 25 to purchase a sight-testing machine for use in the Dawes County and city schools.

The Lions are sponsoring the illusionist, Lee Grabel and his company, in a two-hour show. Both afternoon and evening performances are scheduled.

Bevin Bump, Lions president, said the group had wanted to do something in connection with the Lions International eye-saving program. The sight-testing machine will determine if students need correction through their own eye doctors.

TIDAL WAVES MOVE ON TO JAPAN AREA

By The Associated Press

Quake-born tidal waves, raised by shock forces shot up from the ocean floor at close to the speed of sound, flooded Japanese fishing villages Sunday several hours after the seismic surge wrecked two villages in Hawaii.

Twenty-six beach homes were destroyed on Kauai island by the waves, caused by two massive under-the-ocean earthquakes near the Aleutians.

Five hours after the wave alert had ended on the U. S. west coast, a surprise sweep of water raced into San Diego bay, smashing a boat slip on Shelter Island. The wave crest piled into San Diego bay with a speed estimated at 28½ miles an hour.

There were no confirmed casualties directly caused by the series of waves.

Warning alerts flashed around the Pacific evacuated threatened areas before the first wave hit in damaging force on Oahu and Kauai Islands in Hawaii.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

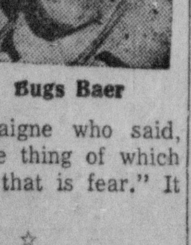
BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Baer

I'm a nervous hero who runs into the house every time an acorn falls out of an oak.

☆ ☆ ☆

Franklin Delano said all we had to fear was fear itself. I kibitzed Franklin by remarking that could scare you.



Bugs Baer

☆ ☆ ☆

He had clipped that wise crack from the great philosopher Montaigne who said, "There is but one thing of which I am afraid and that is fear." It was in French.

☆ ☆ ☆

Like most writers, Franklin thought the idea belonged to the translator. A fellow can get real smart that way.

☆ ☆ ☆

All that quoting goes into the hay-bag when a fellow in Congress hubs up and sayd 100,000,000 citizens will be cinderized in the first atomic attack.

☆ ☆ ☆

Many semesters ago I wrote I had a sixth sense that told me I was going to lose the other five. But Rob Roy spoke of an intrepid Scot who was scared out of his seven senses. And his kilt, too.

☆ ☆ ☆

Fortunately fear is an internal combustion engine that gears your feet to faraway places. But we would like to know why the congressman sounds off on the doom pitch.

☆ ☆ ☆

Has he a frying panacea for the poisonous mushroom? How does he get 100,000,000 casualties? And does he include himself in Who's Who? Or who was?

Mystery Solved

MANITOWOC, Wis. (AP) — Lafoie Murray has his jacket back, but he insists he didn't call the laundry. Murray reported to police he tossed the jacket on a kitchen chair and left the house for a moment. When he returned the chair was bare. It was returned several days later by a laundry deliveryman who Murray maintains made a pickup at the wrong house.

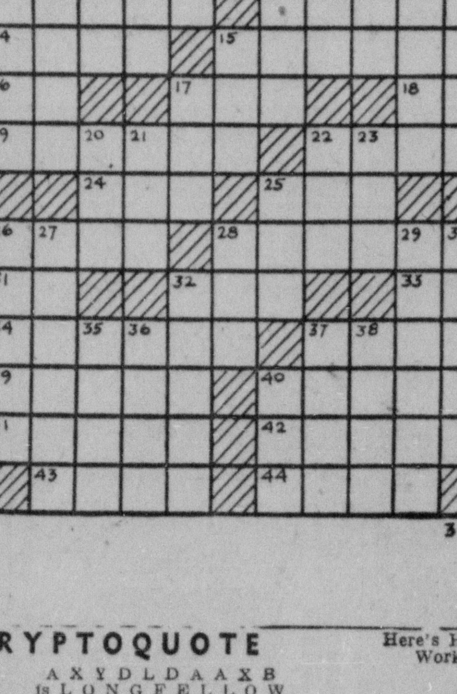
Saturday's Answer



DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L D A A X B
is L O N G F E L L O W

One letter simply stands for another, in this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

WHAT'S THE ASSIGNMENT FOR TONIGHT, PROFESSOR GRADY?
THIS: MY HEROINE JENNIE GETS HERSELF PROPOSED TO BY HER MIDDLE-AGED SWAIN. SOUND INTERESTING?

PLEASE—NOW MAY I ASK A QUESTION? HOW DO YOU THINK IT'LL COME OUT?
CAN YOU FEEL THE WORLOCK SELF-CONFIDENCE OOZING OUT THROUGH THE PORES? YES? WELL, I DON'T HONESTLY KNOW. I NEED YOUR HELP— DESPERATELY, EVE!

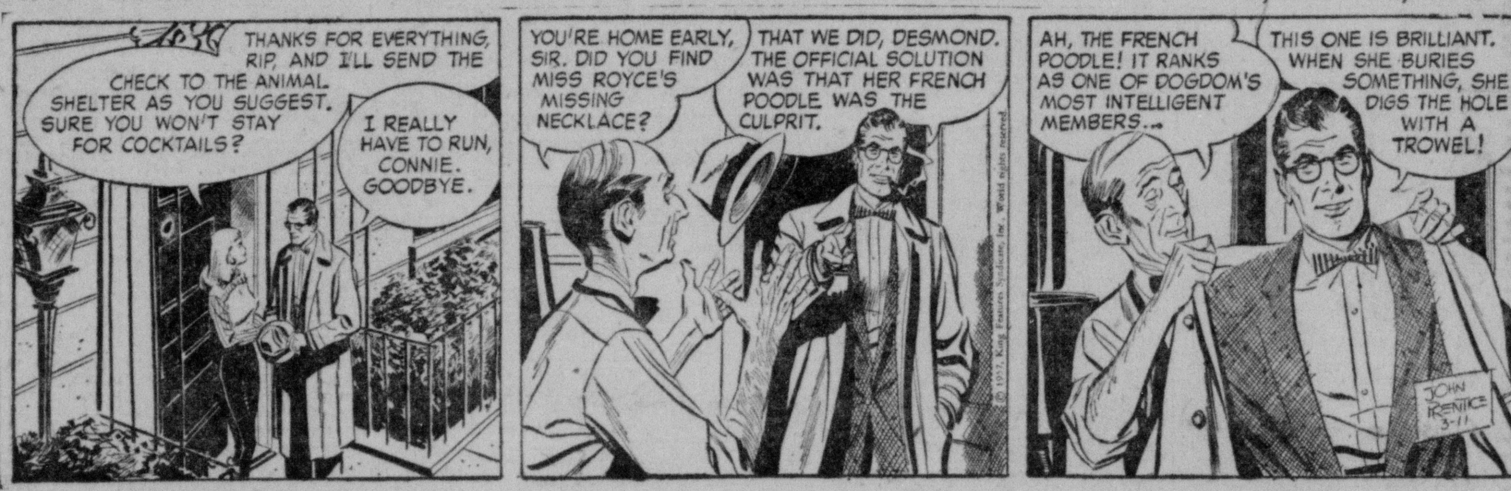
HUMPH!... APPARENTLY MY DAUGHTER'S DINNER GUEST IS STILL TRYING TO SAVE THE WORLD... WITH WORDS!
HE'S AN INSOLENT BOOR, MR. MEDILL... BUT THE YOUNG SHOULD BE HEARD ... EVEN IF THEY ARE WRONG!
SEE HERE, GODDESS! WHY DON'T YOU COME TO THE MEETING TONIGHT AND TESTIFY?... TELL 'EM HOW YOUR OLD MAN SUCKS BLOOD FROM 10,000 EMPLOYEES... LIKE A BIG GREEDY OCTOPUS!
BUT THAT WOULD BE LYING, BEN! FROM ALL I HEAR, DAD IS A MODEL EMPLOYER!
Ken Ernst Allen Saunders 3-11
IN WAR, LYING IS CALLED STRATEGY! ... AND THIS IS WAR, LITTLE GIRL!

RIP KIRBY

By Alex Raymond



THANKS FOR EVERYTHING, RIP, AND I'LL SEND THE CHECK TO THE ANIMAL SHELTER AS YOU SUGGEST. SURE YOU WON'T STAY FOR COCKTAILS?
I REALLY HAVE TO RUN, CONNIE. GOODBYE.
YOU'RE HOME EARLY, SIR. DID YOU FIND MISS ROYCE'S MISSING NECKLACE?
THAT WE DID, DESMOND. THE OFFICIAL SOLUTION WAS THAT HER FRENCH POODLE WAS THE CULPRIT.

AH, THE FRENCH POODLE! IT RANKS AS ONE OF DOGDOM'S MOST INTELLIGENT MEMBERS...
THIS ONE IS BRILLIANT. WHEN SHE BURIES SOMETHING, SHE DIGS THE HOLE WITH A TROWEL!

MAKE IT SNAPPY, STEVE...
THANKS FOR THINKING OF ME, VENUS, HONEY... DON'T WORRY—I'LL DO FINE!! I'LL HAVE A SWELL SURPRISE FOR YOU WHEN I COME HOME!
THE ONLY THING I WANT IS YOU, STEVIE, DARLING... JUST PROMISE YOU'LL WIN FOR ME!
HAM FISHER
'BYE, HONEY.. I MUST GO NOW... I PROMISE YOU ANYTHING... KISS
THAT'S ALL I WANTED TO HEAR...
GOOD LUCK!
LOOK, THERE'S DAN DANDY... SITTIN' NEXT T' JOE !!
IF THAT ANONYMOUS GAL CAN REALLY DELIVER STEVE'S CONTRACT T'ME... IT'LL BE WORTH A FORTUNE—IF STEVE WINS T'NIGHT!!
